OFF THE TOP

Speaking Out and Acting Up in the 1990s

by Anthony F. DeBlase

All over the world, Gay men and women are saying, "We're mad as hell, and we're not going to take it any more!" Unlike the newscaster who made that line famous in the movie *Network*, we have not yet had quite such a forum for making the statement. But that is not to say the message hasn't been heard on many TV news shows. Bashings are on the increase, probably partially as an offshoot of increased gay and lesbian visibility, but resistance to bashings is on the increase too. And police harassment continues, but with generally very different results than in the "good old days." (A wonderful illustration of this is in the brief article on one of London's oldest and best known leather bars, the Colherne, which accompanies this editorial.

As Joseph W. Bean pointed out in a recent editorial in these pages, there are many people, both straight and gay, who want all of us to shut up and blend in. *Especially those repulsive leather types! Ugh, they are embarrassing! Tough shit!*

I meet the activities of groups like ACTUP and QUEER NATION with very mixed feelings. Various actions have raised emotions ranging from derision and embarrassment all the way to congratulations and pride. When they blockade the Golden Gate Bridge during rush hour, or disrupt the opening performance of the San Francisco Opera, I see them mainly as a bunch of children throwing a temper tantrum. When I see them recommending a boycott of the 1994 Gay Games because they don't like the make up of the planning committee, I get incensed at their idiocy. However, there are a great many things these activists have done that fill me with gratitude, wonder and pride.

Many of these young gay men and women came out into a world vastly changed by Stonewall and its aftermath. And without even being aware of how life was different for them because of the actions of their predecessors, they are continuing to fight in new, and sometimes shocking, ways. But, I think they will make changes that the next generation, probably equally ignorant of their culture's past, will have to build upon.

If marching down the street in a leather jacket emblazoned with QUEER NATION, or wearing a T-shirt imprinted with SILENCE = DEATH is not your style, there is still much you can do. With the notable exception of the jackass from North Carolina, this year's elections went relatively well for us, and much of that had to do with the up-front

work of political activists and many others who wouldn't dream of describing themselves with that term.

Another thing that everyone, even the most closeted, can do that really does make a difference is WRITE LETTERS. Organizations like GLAAD (Gay & Lesbian Alliance Against Defamation, Inc.) are doing a great job of pointing out where at least some of these letters should go. Write to the media, write to legislators, write to advertisers, write to everyone who needs a kick in the ass regarding their position on items of importance to us. And don't forget to write when they deserve a pat on the back too. It is true that a single letter doesn't mean much, but lots of letters mean a hell of a lot, and the letters add up, one at a time. So, every one counts.

In many cities, Gay Guardians, or other Guardian Angel type organizations of Gay men and women are patrolling gay areas to protect against bashing. You may want to help form such a group or to join an existing one in your city. Or you may want to just prepare yourself for instances when the oppression becomes more personal.

Chris Burns, a well known LeatherMan and porn star, as well as martial arts practitioner and instructor, has just released a new video entitled *Take Back the Night*. In this tape, a group of men and women recreate several actual gay bashing incidents that have occurred. Then Chris gathers the victims of these incidents for a training course in self-protection. The video closes with a restaging of the same bashing incidents, but this time the victims know how to behave, and the tables are turned. This is no gung-ho, Ramboesque video, but it is a very logical and low key presentation of basic tactics that could save your life. It will be reviewed more fully in an upcoming issue of *Drummer*. (Order from Chris Burns, 1278 University Ave. #179, San Diego, CA 92103. \$29.95 + \$4 S&H.)

Whatever you do, become a "card-carrying member" of the ACLU. As with other organizations, I sometimes disagree with how they direct their energies. At the moment, for instance, the news is full of thier suit to remove the creche from in front of city hall in Monterey, CA, which seems to me an idiotic waste of time and energy when there are so many more important causes they could be working on. But, when push comes to shove in the porno battles, they are going to be our greatest ally.

LEATHERMEN FIGHT LONDON COPS

by Rex Wockner
and Michael Mason

In an evening reminiscent of the Stonewall Revolt, leathermen fought London police November 22, 1990, during a raid of the popular Colherne pub in Earl's Court.

Three men were arrested but quickly released after 25 gays stormed the nearby police station.

The incident began when a sergeant and a constable "burst in... and stomped through the bar," said customer Christopher Colpin. The police did not tell management why they were there.

A loud confrontation erupted between the officers and two customers who asked them what was going on.

Then, according to witnesses, the sergeant suddenly turned, grabbed Colpin by the arm, and shouted, "You'll do, you're a faggot, you're pissed [drunk]."

As the officers began moving toward the door with Colpin, the other customers intervened.

"The door opens inwards, so I put my feet against it," Colpin said. "I'd done nothing. I shouted that they couldn't take me."

"Then suddenly all these people came to help me. I was so proud. They didn't turn away like gays are always said to do. People I didn't even know."

"There must have been about 25 of them who grabbed me and dragged me back down the bar and herded the police back. The sergeant was being harassed and slapped about a bit."

"These people formed a cordon around me so that the police couldn't get at me. And they bolted the main door, blocked the entrances."

The officers ducked behind the bar and radioed for help. When reinforcements arrived, three arrests were made and police left.

But customers were angry. More than 25 set off on foot for the nearby police station.

As the mob entered the station, they demanded that the arrestees be released.

"They [the police] seemed terrified as the station suddenly filled up with people," an eye witness said.

The detainees were freed immediately.

At press time, Colherne customers were finalizing "assault" complaints against the police.

Meanwhile, Police Chief Inspector Butler, the neighborhood community liaison officer, apologized for the mess in an interview with *Capital Gay*, a London magazine.

"This area [Earl's Court] has the biggest gay population in Britain and it doesn't make sense for us not to have good relations and to let people know that we consider it an important population," he said.

MALE CALL

The Marines: If You Can't Kiss `Em, Fuck `Em

Ever since I grew up in a Marine Corps family, those days in the 1960s, wearing the butch style hair cuts, high and tight, and famous baldy hair cuts my Marine father gave to us boys, it was destined for me to be of service to my country some day.

In my early twenties I discovered the pleasures of men, and some nine years after the marriage to my wife, I met up with a salty dog sailor boy.

It was the night I was wearing my Bulldog T-shirt in a bar that my squid puppy wanted this grunt for the evening. I was never a Marine who got into sucking cock or getting fucked, but this salty dog knew how to take my Marine Corps tool down his throat without having to say "Oooh-Rah" to get motivated for his Marine. The best head I've ever had was from a sailor cocksucker, they know how to treat their brother service, the Marine Corps, with pride and respect. On that evening of Great Adventure (and I've had many) the U. S. Navy was whole (sic) with a petty officer and his hard charging Marine.

I let my new found friend plow away in my almost virgin ass. I took it like a Marine, hard and rough with the beautiful manhood he had, a swinging dick...I thought as I took the pain from a squid.

My squid asked me why Marines do not kiss. I could not really give him an answer other than to say kissing is not manly for a Marine. We can kiss pussy, but not men. I explained about the macho, ready to go to war image, and what our history tells us of armies past: Men who developed unconditional love for their fighting buddies, even to the point of dying for one another.

We had a wonderful adventure with one another that evening. I gave him the nickname Salty Dog, and I was his Marine Grunt.

I am a man of my word, and Salty Dog and I have become friends. Oooh-Rah or no Oooh-Rah, my love for life and the adventures it bestows upon us are eventful to write down on paper.

Fair Winds and Following Seas, I say to all the Salty Dogs in the U. S. Navy. To me, you can say, Keep Charging Hard, Marine!

Sincerely, Grunt in San Diego

Cigars: To Tip or Not To Tip, That is the Smoker's Choice

Dear Mr. DeBlase: I understand that you are a cigar smoker, so I am asking you to please have more men smoking cigars in your magazine. If you look at the ad photo and page 30 of the current number 144, now that is a cigar! But the ad photo on page 98 is a piece of crap!

I am sure Jack Fritscher would never smoke a cigar with a plastic tip!

Also, do you have an address for Christian Dreesen, Mister Europe Drummer?

J. N./Long Beach

The smoker in both pictures is the same man, smoking what he chose to smoke. Neither photo is of Jack Fritscher. He took the photos.

We do not give out addresses of contestants or other models, but we will forward letters to them. Mail your letter as if you were responding to a Tough Customer.

Apologies to Two Mr. Drummer Regional Titleholders

(This letter was sent to Justin Charbonneau and Vance Reger in December, 1990)

I am sorry, but I owe you both an apology. Drummer #144, in it's coverage of the Mr. Drummer finals, gave the wrong information on First runner up and Second runner up for the North America title.

When Paul was writing the article, he asked me who these winners were and I told him, from memory, without going back and checking the score sheets. And I remembered wrong!

The top three North American scores were awarded to Ron Brewer, Justin Charbonneau, and Vance Reger, in that order, and the scores were very close. So the correct announcement should have been: Mr. North America Drummer, first runner up: Justin Charbonneau; second runner up, Vance Reger.

Again, apologies to both of you (and to the readers of the finals coverage). I am proud of you both as Mr. Drummer titleholders.

Sincerely,

Anthony F. DeBlase

Don't Park in The Park

Encounters with a **STRICT TASMANIAN DADDY**

By Patrick J. Sharpe
Illustrated by Peter Evans

(Editor's note: Hobart is the capital of Tasmania, an island state of Australia.)

I am now living in Sydney, but when I was living in Hobart I had a Daddy who was very strict and cruel to me. He was a Master to one of my friends who arranged for me to meet him. I'm a masochistic exhibitionist and love to do all kinds of things to myself while others watch me. This friend arranged for me to meet his Master who then became my Daddy. I was to wear tight jeans, a tee-shirt and sneakers, no underwear, but a metal cock-ring.

I arrived at his place at 7.45 p.m. exactly as I was commanded. His tool-room was an old stable in the back yard. He opened the door, wearing nothing other than a leather jacket, boots and a leather cock-ring. He ordered me into the room which was dimly lit. Restraints hung from the ceiling against one wall, a riding crop and a cat-o'-nine-tails were lying on a sofa against another wall, a black leather chair was facing a TV on which a video of fisting was playing. He ordered me to strip and sit on the floor between his legs as he sat in the black leather chair. He pulled my head back

against his already erect cock, and placed his legs over my shoulders, locking my head firmly in that position, while he ground that hard cock into the hair of my neck and head. Next he made me lean back and suck his balls, while he began to grind his boot heels into my cock and balls. That made my cock spring to attention. All the while he was watching the video of the fisting. Soon my Daddy ordered me to lie on the floor and lick his boots and he began to trail the cat-o'-nine-tails over my back and arse, not hitting me but just touching it lightly all over my back.

"That's a good boy," he said, "Lick Daddy's boots clean." As he began to hit my arse with the leather whip, only gently, yet.

"Now suck my cock. Suck your Daddy's cock!" He ordered. His cock was not long, but short and fat, and he just rammed it into my mouth. I had to breathe real fast not to gag on it. As I started to work on it, he took the riding crop and began to belt me on the back. Each time he hit me, he forced that thick cock further into my mouth and throat. Then he started to call me names and

abuse me: boy cunt, fuck cunt, piece of shit, stinking fucker, piss pot, were some of the names he used. At this point he got out the amy! and took a lot himself and then gave it to me. He got real worked up. Raising his knee up under my chin and against my chest he sent me sprawling on my back on the floor. He had worked his boots off, and now stood over me, planting one foot between my legs with its toes on my balls, so that he could crush them against the floor. He pushed the toes of the other foot into my mouth. I had to suck those toes clean in between each one of them. Then he changed feet.

After a long sucking session on his feet, I was made to kneel and suck his cock again until it got hard. More amy!!! My new Daddy now made me grab my ankles and turn my arse towards him. I had to spread my legs as far apart as possible. He gave me more amy! and then began to work one, then two, then three fingers into my shit chute, as he called it. When it was well greased, he took a butt-plug and then shioved that into me. I screamed. But he just held it there till my arse-holoe closed around it. "Good boy," was all he said. He gave me

the amyl again and, soaking a tissue in it got himself really high on it. Then he started on my arse with the riding crop, giving me a real belting. When that was finished, he sat in his leather chair again and made me sit on the floor between his legs till he recovered his strength. By the way, he was then in his late fifties. I was in my thirties.

The next part of the session was tit work. He pulled the butt-plug out and stood behind me with his hard cock up against my arse-hole. And putting his arms tightly around me, began to work on my tits. My tits are very responsive to work, and he soon had me thrashing around against his body. He was sweating and so was I. Our wet bodies were really sliding against each other. Suddenly he spun me round, placed a tissue soaked in amyl over my nose and made me inhale deeply. Then he attached really tight tit-clamps to my already worked-over nipples. The amyl had put me into another world and I loved the pain that shot through my body at this stage. My cock was as hard as a rock and sticking out from my pubic brush like a piece of steel. It's long, but not fat.

He pushed me over to where the restraints hung from the roof and raised my arms and fastened my wrists in the restraints. That caused exquisite pain in my tits. I moaned and groaned. He kicked my feet apart. He had his boots back on. Then attached my feet to restraints that were screwed to the floor. He held the amyl tissue over my nose again, got high on it himself, and then started on my back with the cat-o'-nine-tails. He must have worked on me for a good ten minutes before taking a break.

When he let me down, he said, "My slave tells me you like to perform. Well now you can show me what you can do." I got out my own tit-clamps, which are long-nose alligator clips, attached to a leather thong, with weights attached, my candles and matches and my parachute and weights. He took off the tit-clamps he had put on me. I also put on a chain harness that I had brought with me. It cuts into my body in places and causes pain. First I asked my Daddy for more amyl. "Come here," he said, and he covered my nose again with a tissue soaked in it. The fumes went all through my head and I felt real out of it. I put on

the tit-clamps which stretched my tits and the sharp teeth cut into my skin, breaking it in places. I added a couple of extra weights till I could stand no more, even with the amyl. Then I lit one of the candles. By now my cock was like a steel rod. I began to drop the hot wax on the blood engorged head of it. My cock twitched and grew even stiffer. Soon it was covered with the red wax. Then I let it drop on my stretched balls, as I had put on a ball stretcher as well. The chain harness was biting into my body and pain was everywhere. My new Daddy was watching me, sniffing amyl from the bottle and masturbating all the time.

He threw me the amyl and ordered me to lift some weights. I took off the ball stretcher and fastened on the parachute. After a few good sniffs of amyl, I lifted the first weight; my balls were forced against each other and pain shot through my body. I groaned. My Daddy got up and covered my nose again with the amyl soaked tissue. I felt myself drifting into a world where pain did not exist. I added another weight to the load I had already lifted; then another. Finally he came and attached his heavy army boots to the

load. He held the tissue over my nose once more and ordered me to stand. I struggled to lift it all, but did.

"Good boy," he commented, "Get out of that stuff and come here to Daddy." I did as I was told. He raised his foot and planted it on my belly and pushed me down onto the floor on my back. Then he stood over me and masturbated till he shot his load all over me. He stood there a few minutes till he went soft and then a stream of hot, yellow piss spattered all over me. When he had finished pissing, he ordered me to stand up again and he put the tit clamps back on my very sore nipples. Then pulling on the chain, he made me masturbate till I shot my load onto his boots, which he had put back on.

He made me get dressed without washing or anything, put my things back into the bag, and leave. I smelt of cum, piss and amyl. I was sore all over and still in another world from all the amyl. He told me to come back at the same time next week, but to wear my leather pants and vest and my black boots. On the bus going home I was grateful that there were very few people as I must have looked and smelt really dreadful. I looked at my watch as I left his place. It was 10.45 pm. The session had lasted nearly three hours.

The next week when I arrived, the slave was already there. He was stripped and strung up to the restraints from the ceiling. He was wearing the tit clamps and a gag. There was a video of an S/M session on the TV. I was made to stand facing the slave, fully clothed. My Daddy (his Master) was wearing the leather jacket, the boots and a spiked cock-ring, and he stood behind me rubbing up against the leather I was wearing. He put his arms round me from behind and began to manipulate my nipples under the leather vest. My cock began to get stiff inside my tight leather pants. It was aching to be freed. He played with my tits for quite a while, rubbing his erect prick into my arse slit, pushing the leather

into it deeper and deeper. Only when he was ready did he let me strip, but I had to put my boots back on. He then made me put on the chain harness, my tit clamps and the tight parachute on my balls. He added weights to the parachute while the slave watched. He was once more liberal with the amyl. As well as adding his boots to the load, he made me add mine too. But with all the amyl, I was able to lift the lot. Pain was rushing through me, but I was in another world. Later I had to suck the slave while he lashed him with the cat-o'-nine-tails. He had a good sized cock, but small balls. He made me take the cock and balls into my mouth all at once. I was beaten with the riding crop at one stage; made to lick his boots, but the slave had to lick mine. Hot wax was dripped over both of our cocks and into our open arse holes, which was hell, and all over our beaten arse cheeks. He abused us verbally as well. It ended up with the slave sucking him while I fucked the slave. When he started to shoot, I had to pull out of the slave's shit chute and shoot my jism all over his back. Then I had to lie along the slave's back and he pissed all over both of us. I could not hold myself and as he began to piss I started to piss as well and poured mine out all over my belly and the slave's back. Luckily the slave had his car and he drove me home afterwards, as we were covered with cum, piss and sweat.

Sometimes I was alone with him. Sometimes the slave was there. On another occasion he had a friend there. This guy had a huge prick, and I had to suck and deep throat it on and off all night. In the end he fucked me while I sucked my Daddy off. Both of them covered me with cum and piss in the end. On another occasion he had this friend and the slave there. They both treated us to a real hard night of sex and beatings, and I had to perform for them all. That night he attached his boots to my tits and made me lift all the weights with my balls in the parachute. I could not hold on and shot my load while doing that. For that he let the other guy beat me. It was the only time he let anyone else beat me. I had to leave Hobart later that year. But I had some good months with my Daddy and his slave. I still write to the slave who now tells me that Daddy has found another boy. Daddy now has his leather harness, uses big dildoes on them both, and fists his new boy. Daddy is improving all the time. Next time I'm in Hobart he wants me to have another session with him. □

Butch Leather Bikers From JAPAN

Story and photograph by Allen Adams

Not all Japanese men wear dark business suits and scurry in groups through the larger American cities buying landmark office buildings, banks, Hollywood studios, and hotel chains with cash. And, of course, men in Japan don't run around in kimonos, pulling rickshaws either. Times have changed, and some descendants of the legendary Samurai now wear scuffed black leather boots, black leather motorcycle chaps, worn T-shirts, black leather motorcycle jackets, and faded blue jean vests with emblems. Then to compliment this attire they cruise around on custom detailed American motorcycles. Some of these men are members of the Yamamoto Chopper's Club in Fukuoka, Japan.

Fukuoka is on the southernmost island of the four islands which comprise Japan. During World War II, Fukuoka was the original site for the second atomic bombing in Japan. It was chosen, because during this time the majority of the country's heavy industry was located in the south of Japan. On that day in 1945, cloud cover was so heavy that it blocked the aerial view of Fukuoka, so the alternate bomb sight was used--Nagasaki. In a mushroom cloud it all became history.

Today, Fukuoka has a population of just over 1.1 million, and it's the eighth largest industrial city on the island of Kyushu.

With all that industry, rough and tough men are needed for the manpower. When those rough and tough men aren't working, some of them are busy riding around with the Yamamoto Chopper's Club in Fukuoka, Japan. They like big and bold Harley Davidson choppers, which are painted glossy black with gold and red flame detailing--just like good 'ol American style. The Japanese love American styles--even the leather biker style. But in Japan, the "look" of an American style is what they're interested in, not the "lifestyle." They don't cruise around like Hells Angels, spitting, taking drugs, getting drunk, and rable-rousing.

They certainly don't hold the reputation of the Hells Angels, but still I felt uneasy asking them to pose for a photograph. I saw them outside a motorcycle shop, and like a typical tourist I wanted a photograph. As I approached them, none of them smiled at me, which heightened my anxiety. I asked the heavy one on the right, "Dozo, shashin-tote yoroshi desuka?" (Please may I take a photograph?) They all looked at each other, then at me, and laughed. Japanese laugh at American

tourists, because we're always running around their country with our cameras, and taking pictures. Sound familiar?

Their laughter made me feel so anxious that I imagined they would tie my hands together with a long thick rope, and drag me at high speed from the back of a motorcycle through the streets. But that was just my imagination. Wishful thinking? Maybe, but that's not how this story went. Without smiling, the heavy one on the right said in English, "okay." He said something to his group, but only a few of them wanted to be in the picture. He walked up to his chopper, and put his arm on the handlebar. Then another guy wearing black leather motorcycle chaps held up their club flag (a skeleton head with a blond flat-top), another biker stepped in a little closer, I jumped in the background...the one with a western face.

I thanked them, "Sumimassen, domo arigato, gozimashta!" (Excuse me, and thank you very much.) My friend and I quickly walked away with one of my favorite photos from the land of the rising sun--butch leather bikers from Japan.

Like butch American men, there are also butch Japanese men who have fetishes for leather, motorcycles, bondage & discipline, corporal punishment, dominance & submission, cock & ball torture, dominance training, flagellation, fist fucking, face sitting, golden showers, infibulation, tit torture, verbal abuse, sadism and masochism, and all around rough stuff. They even use the abbreviated term, "S&M." Not in Japanese letters, but in English letters. Yes, they know the English language and even it's slang terms. That's how they've communicated with Americans so well over the past twenty years, encouraging us to buy their cars, cameras, TV, video and stereo equipment, and computers.

You can contact many of these "S&M" men by mail through the Japanese magazine, "Samson." (Address listed below.) Japanese men love to make pen friends with Americans. "Pen friend" means "pen pal" in "Japanglish," that's Japanese/English. When I placed my ad in one of the Japanese gay magazines, 56 men of all different ages and types replied in excellent English, with photographs. They weren't only from Japan, but a few replied from Hong Kong, Thailand, the Philippines, and the USA as well. And they weren't all

Japanese. Some were westerners living in Japan. Here's a list of organizations to begin your Japanese "manhunt":

LEATHER NOTEBOOK

By Larry Townsend

Dear Larry,

I have been reading with some amusement this running, three-way discussion between you and the shit-lovers vs the shit-haters. I can appreciate your reluctance to come right out and say you disapprove of SCAT, but it does bother me that you haven't been more specific about the dangers these sorts of games have to entail. Come on, be honest. A guy can't go to a party where he's shit on by a dozen other guys, and not be in some kind of jeopardy. Pardon the pun, but to say otherwise is pure bullshit.

Mario, Munich, Germany

Dear Mario,

In responding to previous correspondents, the emphasis has been on the danger of contracting AIDS from playing SCAT games. The risk is there, but in all honesty--despite the fact that shit is dirty and smelly, etc.--the chance of contracting an HIV infection from it is much less than, for instance, letting a stranger fuck you in the ass without a rubber. The greatest danger from an AIDS standpoint is that there might be blood in the material, and this could infect the bottom through a tear in the skin, mucous lining, whatever. However, we should not allow our preoccupation with AIDS to make us forget the other diseases that have been out there for a lot longer time. Hepatitis is a real possibility, as is good old clap, syphilis, and a whole litany of exotic amoebas. If both Top and bottom are healthy, non-carriers of any microorganism, they don't need to worry. But when you go to a big party, how can you know? The one guy I used to run into periodically, and who used to give me all the arguments about SCAT being safe, died of AIDS a few months back. But, he was into a lot of other things, too. And maybe that's the real danger.

Dear Larry,

Over the last few months I've gotten solicitations from three different organizations, all claiming to be "SM contact" clubs. Two of them had fairly extensive questionnaires, and all three wanted me to send money for membership. I know that responding blindly to this kind of advertising might cost me the bucks - which doesn't amount to very much, and is of minor consequence. But I am concerned that I might be getting into more than I bargained for if I answer them, especially if I fill out

the questionnaire. Can you offer any words of wisdom?

Pete, Ft. Lauderdale, FL

Dear Pete,

I make it a rule never to fill out a questionnaire for anyone, unless I know exactly where it's going, who's going to see it, etc. I don't know what variety of scenes you might be into, but there have been some nasty government stings that start off just the way you describe them. They haven't been after SM people, per se, as far as I know. The main targets seem to be people who can be lured into buying kiddie porn. Just because "they" tell you "they" don't have the manpower to properly prosecute the savings & loan thieves, don't believe for a minute they can't find the agents to hassle "vice crimes." After all, the savings & loan creeps are friends and relatives.

Dear Larry,

I'd like to pose an historical question for you. I've recently done some reading about St. Sebastian, whom I notice you have called "the patron saint of SM." Was he supposed to have been gay, as well as being the ultimate M? There is no mention of the possibility in any of the standard reference material I can find, and I'd be curious to know.

C.R., Millbrook, CT

Dear C.R.

Other than the fact that he was obviously not too bright, it is difficult to glean much from written history to enlighten us on St. Sebastian's personality traits. Of course, he lived during a period when the Roman Empire was in its latter stages of decline, and when bisexuality was really the norm. But, our beloved saint was a Christian, which is what got him into all the trouble in the first place. The early church seems to have been less concerned with teaching guilt than has been the case in more recent times, but by the same token the basic tenants of the faith were even more strongly based on Jewish laws and beliefs. Hence, a good Christian man should not have been getting it on with other men, even then, even if Roman law and custom permitted it. My own impression has been that Sebastian's masochism outweighed any other facet of his personality, and I suspect

that he was not greatly concerned about sexual orientation, simply because it was not a matter of much concern to his society in general. (Just for the benefit of those who are unfamiliar with the story: Sebastian was an officer in the Roman army, who made such a nuisance of himself in trying to convert his fellow soldiers that the Emperor ordered him beaten to death. He miraculously survived, and after months of recuperation he once again presented himself before the imperial throne. This time, the Emperor ordered him executed by firing squad -- bows and arrows, that is -- hence all the wonderful paintings and sculptures showing his body skewered by numerous shafts.)

Dear Larry,

I heard on the grapevine that you were in Spain this summer. I want to go to Barcelona in '92 for the Olympics, and maybe also catch the Expo in Seville. Can you give me any pointers?

David, Seattle, WA

Dear David,

Take money! After 10 years of Reaganomics, the US dollar is so low it makes everything outrageously expensive. When I was in Spain five years ago, the exchange was something like 160 pesetas to the dollar; it is now 96. A large pizza is \$30; gasoline is \$4 per gallon, and you won't find a decent hotel room for under \$100 per night. Barcelona is a beautiful city, a little like Paris. There is a lot of gay activity--even a couple of leather bars. I didn't spend much time in Seville, so I can't tell you a great deal about it. The whole country is so torn up, with their desperate attempt to get streets, highways, monuments, subways, etc., all in place for '92, it's hard to tell what it would normally be like. I found the Spartacus Guide to be very helpful and accurate. As for clothes, etc., Spain is very warm. I was there in September and October, and only needed a light jacket a couple of evenings. I also found I could wear Levis almost anyplace.

Deadheading

In 1978, Surree Ltd. published a book titled S&M Truckers by Clay Caldwell. This collection of short stories linked by related introductions quickly became an underground SM classic. Clay Caldwell is allowing Drummer to again make these long out of print stories available for the one-handed enjoyment of our readers. This is the final installment.

by Clay Caldwell

Dan'd pulled into the diesel stop to fuel up, stretch his legs and take a leak.

A tall, lean teenager'd come from the station and taken over filling the rig's tanks, and Dan'd tromped trucker-style to the latrine to empty his.

Dan'd pissed long and hard in the small, urine-stinking latrine, and it'd felt damn good, letting his long, thick cock hang out and let go.

Dan was hung... and good-looking... and well-built... and he knew it!

Also, he was horny as hell!

The long hours alone pushing the rig always made his nuts work harder than ever, and he'd hoped to find a cock-sucker waiting in the fuel-stop can... or maybe the teenager'd come in and take him off...

The kid didn't come in, and Dan finished taking his leak, washed up and went back out into the evening gloom, still buttoning his Levis.

Jimmy—Dan'd checked the nametag on the youth's shirt—Jimmy was standing beside the rig, grinning at the

trucker.

"All set, chum?" Dan asked, buddy-like.

"You bet." The youth pushed the straight, straw-colored hair out of his eyes, boyishly eager. "Where're you rolling, mister?"

"I'm deadheading to the city." He inhaled deeply, and his partially unbuttoned shirt spread from the broad, hair-washed curves of his golden-tanned chest. "I don't have to be there until tomorrow night, so it's an easy run."

"You're lucky." Jimmy's gaze was fixed on the man's clearly outlined physique. "Going up to the city, I mean."

"Yeah, I guess so." Dan glanced about the station and the tree-studded hills beyond, giving the kid another chance to size him up. "Not much doing out here, huh?"

"Yeah, but I usually go into town for a beer after work. It's only a couple of miles."

"Maybe I'll layover there overnight." Ignoring Jimmy, he rubbed one hand over his crotch, and he knew damn well the trucker-hungry teenager'd get the message. "Any action in town?"

"Well—" He watched Dan's strong fingers dig into the coarse cloth, and he wet his youth-pink lips. "It—it depends... you know... on what you're looking for."

"Any port in a storm, that's what I always say," Dan chuckled, sure of himself. "Know what I mean, Jimmy?"

"I think so."

"How about having a beer with me right now? You've got a pretty good port right here."

"I—I guess so—but customers come in—I've gotta keep the place open—" The teenager shied away, but there was

no doubt that he'd understood what Dan'd suggested. "When the boss comes by to close up for the night, he'll can me if—"

He fell silent, and Dan was sure the kid wanted to suck cock... maybe get fucked... take care of a horny trucker.

"Sure, pal." Dan dug out his wallet and handed a credit card to the youth. "Charge the refill... and I'll buy you a beer when you get to town tonight."

"You bet!"

Jimmy hustled toward the station office, and Dan smiled at the sharp rise and fall of the youth's trim ass beneath the overall's.

"Yeah," the trucker whispered to himself. "He knows the score! And if he doesn't, he's ready to learn."

He stared up at the darkening sky for a moment, and when he looked back at the brightly lit office, Jimmy was hunched forward over the telephone.

For the first time, Dan noticed that the kid wasn't wearing a shirt under his overalls... bronzed, bone-tipped shoulders... maturing body... probably naked all the way down underneath—

Hell, Dan didn't care what the god-damn stud looked like, just as long as he sucked... or spread his buns!

And if he didn't—no sweat. Dan'd always been able to find something when he was horny... male or female... yeah, he didn't care how he got his rocks off... funny, he'd been doing it more and more with guys lately...

"Dan?" The kid'd come up behind him, grinning and offering the credit card plate. "I got your name off the card. Mind signing?"

"Yeah... sure." They stood close, and as Dan scribbled his signature, he could inhale the sweat-scent of the youth's

body. "I'll see you in town... later... for that beer I owe you, huh?"

"Sure!" Jimmy pulled back, tauntingly sure of himself. "I'll check around until I find you, right?"

"Right!"

Dan was a trucker, and he swung back up into the cab of his rig.

He checked, flicked, hammered the motor to life, set running lights and headlights, pulled out and rolled back onto the highway... and he knew damn well he'd layover in the town ahead that night!

He mussed his curly, sun-streaked hair and tugged a cigarette from his shirt pocket, lighting it without taking his eyes from the roadway ahead.

Dan was in his mid-twenties, and he had handsome features and a strong, well-muscled physique. He was proud of his body and kept in good shape... and he kept his prick in shape, too!

He filled his lungs with smoke and relaxed back against the worn leather seat, and he dropped one hand from the steering wheel to finger his metal-buttoned fly.

"Maybe I ought to line up a cunt tonight," he mused aloud, then shrugged. "Hell, Jimmy's asshole'll be tighter than any cunt!"

He grinned, remembering the last bushy-tailed teenager he'd had. Yeah, all Dan'd done was strip and lie back on the bed, and that stud'd been all over him, worshipping his body with his fingers, then his lips. Man, the kid'd given him one hell of an all-over tongue job, and finally he'd sucked cock like it was going out of style.

That was the kind of action Dan liked, just lying there and getting his rocks off.

Only the kid hadn't been satisfied with just drinking a churning load of cum—shit, no! He'd worked Dan up again and greased his massive dick, and then he'd climbed up and sat on that goddamn iron. Jesus, that's been the greatest, watching his meat disappear up into the young stud's little butt, seeing him strain to take it all the way down, feeling the slippery muscle-ring engulf his ram!

The youth'd squirmed and bounced and twisted just about every direction there is, and finally Dan'd thrown him over on all-fours and screwed him trucker-style until he creamed for all he was worth.

Afterward, the punk'd wanted to trade places, and Dan'd told him to go to hell.

Dan didn't mind getting a blow-job or fucking a cocksucker in the ass, but he

wasn't about to do any of that queer crap.

Shit, no!

He finished his cigarette, and the rig rolled forward with an even motor-throb, well below the speed limit.

The headlights picked up the city limits sign, and he snickered.

"Another hick town! They always stick the city limits out in the middle of nowhere so they'll seem important."

The landscape was still trees and rolling hills in the fading twilight, and suddenly headlights flashed in the rear-view mirrors, pulling closer fast, then hanging on Dan's tail.

"Smokey Bear," he growled, and he checked his speed automatically—no sweat—then focused on the mirror again. "No, they're locals."

He was sure he was clean, and then the red light went on.

"Shit!"

He flipped the blinkers to show he was pulling over, and he braked gently, bringing the truck to a stop on the lip of the deserted highway.

With a sigh, he opened the cab door and swung out, hopping from the high running board to the ground, and a uniformed officer was striding toward him.

"What's the trouble, pal?"

"May I see your license, sir?" the cop asked with formal politeness.

"Sure." Dan dug out his wallet and offered it. "But I don't know—"

"Thank you," he interrupted, and he took the wallet, opened it, checked the license and papers, then stuffed it in his shirt pocket. "I'm afraid I'll have to ask you to come with me, Dan."

Dan looked at the man—plain-looking stud, khaki uniform tailored to good build, pistol holster clipped to wide leather belt, bulging crotch, polish-gleaming boots—

"Look—sir—"

"I'm impounding your rig, Dan, so it'll be brought into town and kept in security," the officer acknowledged as if reading Dan's thoughts, then nodded to the prowl car parked behind the truck. "Now, if you'll get in the back seat, and—"

"What the hell've I done?" Dan exploded.

"You know." His hand moved to his sheathed pistol, but his voice remained quiet and controlled. "Into the vehicle, please."

Dan saw the man's hand on the butt of the pistol, and he sure as hell didn't want to get his head blown off!

He walked to the black-and-white

and got into the back seat.

The door locks snapped shut, and he was trapped.

There was another man in the front seat, on the co-pilot's side, and he sat motionless until his fellow officer had gotten behind the steering wheel.

"Back to the station, Ted." He fumbled the radio microphone in one hand. "Mitch's admitted he did the mutilation murders."

"Find the bodies this time, Mister Wilson?"

"We'll go looking for the pieces tomorrow, in daylight. In the meantime, we've got Mitch locked up." Without turning, he spoke to the trucker in the back seat. "I'm Wilson, Chief-of-Police. We're taking you in."

"What for?" Dan asked, trying to sound pissed-off.

"You know."

The officer called Ted started the car, and Dan studied the two men, puzzled.

It didn't make sense, getting hauled in by the fuzz and not having the god-damnest idea why!

He rode in silence, and suddenly they were on the main street of the drab town... old-fashioned streetlights... dark storefronts... a couple of bars... the police station.

"Inside," Wilson ordered, releasing the locks on the rear doors.

Dan got out, and for an instant, he wanted to bolt and run. Then he saw the two men, hands on holstered pistols.

He followed Ted into the old, stone-faced building and down a short corridor to a well-lit office, and for the first time he could see his captors clearly.

Ted was about Dan's height and age, trim features, wide shoulders, tapering physique like a swimmer.

Wilson was older, black hair spike-cut, rugged looks, barrel-chested, burly... an ex-football player or wrestler... the chief of police.

"Want to confess, Dan?" Wilson asked quietly.

"To what?" Dan grasped at a straw. "How do you know my name, Wilson?"

"Shit," Ted muttered, pulling Dan's wallet from his shirt pocket, and he handed it to Wilson. "Here're his papers, chief."

"Thanks." Wilson ignored the wallet, his dark eyes nailed on Dan. "I know plenty about you without checking your papers. That's why I'm the chief of this police force."

"Crap!" Dan exploded, and he was sure the cops had nothing on him... yeah, it was all some kind of frame-up! "I know my rights! You've got to tell me the

charges and let me make a phone call and—"

"Fuck your rights!"

Ted's fist came out of nowhere and smashed into Dan's midsection.

The trucker doubled forward, stunned and hurting, and another blow straight-

ened him.

He sucked for air, and he fought to control his temper.

Yeah, he had to keep cool until he figured out what the fuck was going on!

Another man came into the room, barechested, short and swarthy, built like a goddamn tank! "Telephone, Mister Wilson."

"Thanks, Carl." The chief started toward the door. "Search him."

"Yes, sir." Carl waited until Wilson left, then viewed Dan and tossed Ted a grin. "Good-looking sonofabitch, huh?"

"No lie." Ted chuckled. "Wilson's going to have a ball with this one."

"We all will, if I know Wilson." He returned to Dan. "Strip, chum."

Dan felt a prickling tension grip him as he began to undress. Hell, he'd stripped in front of plenty of guys before—no sweat—but there was something about what Ted'd said... "Wilson's going to have a ball with this one."...

A glaze of nervous sweat broke out on his tanned skin as he peeled off his clothes. His strong shoulders blended into the wide, solid curves of his chest, sparse peachfuzz spread between dark

nipples, and his stomach was flat and hard. His tan dissolved into creamy paleness low on his hips, and his heavy genitals dangled loosely between his muscled thighs.

No matter what, Dan's prick always hung thick and long over his bulging nuts.

The two cops looked him over, and he felt naked as hell and defenseless as they took his clothing and inspected it, every pocket and seam.

Wilson returned. He looked at Dan, starting at his feet and working upward... pausing longer than necessary at the trucker's crotch...

Dan wondered... maybe the rugged-looking police chief dug cocks... sucking... getting fucked...

"Put the cuffs on him," Wilson ordered.

"Yeah!"

Ted and Carl moved in on Dan, seizing his arms and wrenching them behind him, then handcuffing his wrists.

For some goddamned reason, Dan didn't fight them off.

"That was Jimmy on the phone," Wilson said, viewing his prisoner without emotion. "He's in line for a reward. He gave us a lead on where to pick you up."

Dan remembered the lean teenager at the fuel stop... wearing overalls... exchanging stares... horny kid, horny trucker... taking Dan's credit card and making a telephone call from the office—

"So what?" Dan asked warily. "I made a stop and bullshitted with him a little, that's all."

"Put the make on him?"

"Hell, no!"

"You should have," Wilson said calmly. "Jimmy'd turn on to getting a cock like yours in his mouth or up his ass."

"Jesus!" He couldn't believe what the police chief'd suggested so coolly... or maybe Wilson was trying to trap him. "Shit, I don't—"

"He goes both ways," Wilson interrupted casually. "If you want to go down on him or get screwed, Jimmy'll—"

"Fuck off!" Dan barked. "I've never..."

He didn't know who hit him first, but then all three men had closed in and were pummeling him.

Fists pounded his midsection, open palms slapped at him, fingers clawed and gouged at the most sensitive parts of his body.

One of the sonofabitches clipped him in the balls, and another tried to finger-poke his asshole.

Christ, it was some kind of night-

mare!

"Ready to confess, Dan?"

"Huh?" Dan had heard Wilson's voice, but it took him a moment to realize the torment had stopped. Then he focused and saw the three men—Ted and Carl... the police officers... and the burly, rugged-looking chief. "What am I supposed to confess to, dammit?"

"You know." Wilson's voice was still quiet and sure, and he nodded to the officers. "Lock him up."

Ted and Carl took Dan by his handcuffed arms and led him out of the brightly lit office... down a shadowed corridor... an open door to a small, window-barred room—

"Sorry, Dan," Ted said. "We've only got one cell in this goddamn jail."

They shoved him forward, and he stumbled and fell on the concrete... face down... his nose was bleeding... his wrists were handcuffed behind him...

His eyes grew accustomed to the dimness, and he saw two men seated on the lower of two bunks hung against the far wall. One was short and dark, stripped to a pair of white Jockey shorts which emphasized his lean, wiry physique. The other man was younger—twenty or twenty-one—short-clipped blond hair, wide, farmboy face, barechested, powerful muscles outlined beneath sun-bronzed skin.

"He's a fine-looking guy, Mitch," the blond observed, smiling at Dan. "But he's bleeding."

"I believe you're right, Bull." Mitch slid from the bunk and knelt beside Dan. "I'd better make sure he isn't badly hurt."

He gripped Dan's nose, squeezing hard, and a spurt of blood splashed onto his fingers.

"Christ!" Dan hissed in pain. "That hurts, you bastard!"

"It isn't broken." He got to his feet and wiped his fingers on the pouch of his shorts, obviously pleased at the crimson stains soaking into the cloth. "I'm something of an expert when it comes to knowing which parts of a man's body are torn or ripped or broken." He turned to Bull. "Remember what I told you?"

"Sure... I think so." Bull hustled forward, gripped Dan's shoulders and flipped him easily onto his back. "We start out checking his zones and stuff, right?"

"Right." Mitch stood over Dan, smiling down at him. "It looks like we have an excellent specimen for you to work on, Bull."

Dan stared up at the two figures

looming over him in the semidarkness, and he frowned, confused. "Hey, what goes with you guys?"

"I've been trying to teach Bull about the more sophisticated forms of sex," Mitch answered proudly. "He's a little slow when it comes to thinking, and up until now he's been satisfied with just sticking his cock into any willing receptacle. What a waste!"

"Huh?" Dan felt a stab of fear in his guts... Mitch sounded weird—crazy! Mitch... back in the police car when Dan'd first been picked up, Wilson'd said something to Ted about a mutilation murderer... Mitch! *Stay cool!* "Sure, Mitch," he agreed, struggling to sit up. "What say you guys help me up and—"

"Stay where you are!" He placed one foot against Dan's chest and jammed him down again. "Gag him, Bull!"

Dan felt real panic. For an instant, he wanted to scream for help... Mitch was insane!... no, Wilson knew about Mitch... Wilson'd put him in this cell with the madman and the simple blond...

Then Bull was hunched over him, forcing a foul-tasting cloth into his mouth.

Jesus, now what?

"Nobody'll hear him if he yells," Bull said cheerfully, and he viewed the trucker's exposed nakedness. "He sure is a big guy. Big all over, huh?"

"Ideal!" Mitch whispered, crouching opposite the husky blond, his flashing eye fixed on Dan. "He deserves the ultimate experience! The total blending of pain and ecstasy!"

"Like you told me about?"

"Exactly!" He placed one hand on Dan's chest, smoothed the soft hairs to the heaving curves, then gripped one taut nipple and twisted brutally. "The ultimate experience!" he repeated, watching the man writhe helplessly. "He's at the peak of his masculinity, the best of all times for what we're going to do, Bull!" He shifted to the other nipple and dug his fingernails into it, smiling at Dan's stifled cries. "See how well he reacts?"

"Yeah," Bull answered, unsure. "I guess so."

Dan tried to bellow into the gag in his mouth, tried to tell the farmboy-blond to help him, to—

Mitch's fingers crawled downward... clawed at the coarse wire thickening his groin... his thick, limp cock!

"The root of his manhood!" the man declared, twisting Dan's prick gleefully. "He's hung almost as beautifully as you are, Bull! Think of the pleasure his dick has given him! Think of the pleasure

your dick has given you!"

"Sure!"

Dan knew Bull didn't understand that Mitch was crazy... a mutilation murderer!... getting his kicks from cutting guys up... clenching his victim's cock...

"Get the knife, Bull."

"Okay, Mitch."

Dan thrashed in terror, and Mitch twisted over to straddle his chest and pin him down.

"This will be your ultimate moment, Dan! I've taught Bull!" His eyes glowed with excitement. "First, your testicles! Then your penis! Then—" The blood-stained crotch of his shorts bulged, his cock stiffening. "Start the work, Bull!"

Dan stared up at the aroused man holding him down—the wiry physique, the insane look, the hard-on outlined inside the crumpled shorts—and then he felt Bull's fingers grip his nuts and pressure them painfully. He wanted to howl, but his voice was gagged and grated in his throat.

"He's got awful big balls," the blond murmured, behind Mitch. "It seems too bad to take them off."

"Pain and ecstasy!" Mitch hissed, bending forward over Dan. "The last one—he wasn't gagged so I could hear him scream and beg... I did it all myself... he had an orgasm when I began cutting, a final, magnificent orgasm!"

Dan quivered with terror, but he couldn't take his eyes off the excited man.

"I enjoy watching the expression on my victim's face when the cutting begins. At first, it's very slow and doesn't hurt much. Then comes the real pain. I hope you don't pass out before we're done. I lose interest when my victim isn't awake." He ran his fingertips lightly over Dan's sweat-streaked face, smiling. "All right, Bull, begin!"

Metal coldness pressed against Dan's genitals... dull... not sharp or stabbing...

With a strength born of fear, Dan arched his body upward, unseating the man riding him, and his knees rammed into Bull's chest, knocking him back.

He saw Wilson standing in the open doorway to the cell. How long had the sonofabitch been watching?

Mitch and Bull retreated to the bunk, and a dull-edged eating knife fell to the floor.

Wilson entered, pulled the gag from Dan's mouth and hauled him to his feet.

"C'mon, Dan."

Dan followed the man, and his recent terror gave way to a strange numb-

ness.

"Your chum Mitch is crazy, Wilson."

"Maybe. He's got this fantasy about cutting up guys."

"And Bull?"

"He's a good kid but—well, he isn't quite right when it comes to thinking. He's a boy in a man's body."

"He was going to cut my nuts off!"

"I doubt it," Wilson said without concern. "Mitch told him about the mutilation murder, and Bull probably thought it was a game."

Dan followed the police chief back into the office where he'd first been stripped and punched around, and suddenly he was sure what Wilson was after.

"That murder—want me to confess to doing it?"

"Ever hack a stud to death, Dan?"

"Hell, no!"

"Then why confess to something you didn't do?" Wilson nodded to the straight-back wooden chair set in the center of the room. "Sit down and I'll get you cleaned up."

His hands still locked behind him, Dan sat on the chair, and he watched Wilson walk to a wash basin in the corner

of the room and begin to wet a towel.

For the first time, he realized the man had stripped off his shirt.

Wilson's torso and arms were etched with thick muscles, and his barreled chest was covered with swirling black hair. His pants hung low on his hips, no sign of

shorts showing...

and Dan wondered what Wilson had hidden inside his trousers... the size of his cock... soft or hard... the shape and taste—no, not the taste!

Wilson came back with the dripping towel and wiped Dan's blood-and-sweat glazed face.

"Thanks," Dan muttered, confused. "What do you want, Wilson?"

"The truth, so I can believe your confession when you make it." He stepped back, thoughtful. "Ever suck cock, Dan?"

"No," he lied automatically.

"Ever been fucked in the ass?"

"Shit, no!" He saw Wilson was staring at his heavy, exposed genitals, and he had a sudden feeling about the burly man... no one else was with them... maybe— He slouched back and spread his legs wider. "What say we work something out. Just you and me. I mean, if you want to play with my meat—"

Wilson snapped the towel, stinging Dan's lower belly—almost his prick and nuts!—and the trucker doubled forward, more surprised than hurt.

"I can play with any part of you I want," the chief said quietly, pointedly. "You're here to confess, remember?"

Dan stayed slumped forward, trying to figure this nightmare out.

Ted and Carl returned, Dan didn't know how much later.

"Jimmy's coming in, Mister Wilson."

"Better chain Dan up."

"Yes, sir!"

They hoisted Dan to his feet and unlocked the handcuffs holding his hands behind him. For a moment, he was free, but before he could react, they'd replaced the cuffs with heavy, metal bracelets... chains from his wrists to his ankles... about his waist and neck... he could move, but he couldn't escape.

They shoved him back against the wall, and he stood there, naked and chained and confused.

What next?

Jimmy, the teenager from the fuel stop, came in, tanned and growing-up and wearing those overalls, and he grinned at Dan, then at Wilson.

"I told you Dan was what you're looking for, chief. Right?" Without waiting for an answer, the youth hustled up in front of Dan and began to palm-rub his bared chest sensuously. "Yeah, he sure is!"

Dan couldn't believe it... the cops standing around watching... the punk kid feeling him up... fingers crawling downward to his crotch... gripping his dick... all

of them watching...

Jimmy stroked the man's prick with one hand and massaged his balls with the other, and in spite of his effort to control it, Dan felt his iron stretch and begin to stiffen.

Ted came up behind the youth and unfastened his overalls, letting them fall to his ankles, and then he pressed against Jimmy's back, crotch-to-ass.

Dan stared at the naked teenager pumping his now-rigid iron—the slick, maturing chest plates, the pebble-tipped nipples, the still-boyish torso, the taut prick springing from the nest of soft public hair, marble-smooth and arrowhead—and he remembered trading hand-jobs with kids like Jimmy in high school.

They forced him to run the circuit of the yard, chained and naked... Ted running with him and slapping him along.

Yeah, Dan'd always been proud of the size of his hard-on, and it seemed like one of the guys was always ready to jerk him off... and get jerked... and—

"How about it, pal?" Ted murmured, wrapping both arms about Jimmy from behind. "When you're finished playing with Dan's meat, I'm hot to drill mine into your tail."

"I'm finished!" Jimmy answered with a laugh, releasing Dan's massive rod. "I just wanted to see what this trucker looked like hard." He kicked off his overalls and strode toward a side door from the office. "Let's go, Ted!"

Dan watched Ted follow Jimmy from the room, and the craziness of everything that had happened hit him.

He was chained up in the police station, naked and punched around—

almost castrated, dammit!—and one of the cops was taking the punk who'd started it all into the other room to fuck him!

And Wilson, the burly chief of police, didn't seem to give a damn!

And neither did Carl, the other cop.

The two men stood talking casually, and Dan's aroused prick quivered as he heard the excited gasps and groans from beyond the open door.

Yeah, Jimmy was getting his butt plugged!

In spite of all that had happened to him, Dan was still trucker-horny... even more horny than usual, maybe.

Wilson sauntered across the office and closed the door, unperturbed.

The minutes ticked by, and Ted finally returned. His athletic torso was sweat-washed, and he was still fastening his trousers, grinning.

"That goddamn Jimmy's going to wear me out!"

"That'll be the day!" Wilson snickered, and he nodded toward Dan. "Take him outside and give him some exercise."

Ted and Carl hauled Dan through the doorway into a large, locker-lined room. Jimmy was showering lazily in an alcove, and several men were changing into khaki uniforms.

"One hellofa lot of cops for a hick town," Dan muttered.

"Volunteers," Carl explained. "All of us're volunteers."

"Like you," Ted added, shoving Dan through a side door into a floodlit courtyard. "Get out there and run!"

And the nightmare began again.

They forced him to run the circuit of the yard, chained and naked... Ted running with him and slapping him along for the first round... then Carl... then another cop... and another...

The metal chains hung heavier on Dan step by step, and he stumbled and fell.

They beat him with straps... and he got up and ran...

chained...

stumbling again...

being beat back to his feet...

running...

falling, exhausted...

being dragged up again...

weights hooked onto his balls...

running...

being strapped...

clamps on his nipples...

muscles aching with strain...

They let him rest, then began again.

Dan's brain felt numb and clouded, and he had no idea of how long the torment continued... maybe hours... maybe days... it didn't matter.

They dragged him back to Wilson's office and let him slump onto the wooden chair, a naked, beaten hunk of male flesh.

"Wake up, Dan." An open palm slapped across his face, and he look up, focusing on Wilson's strong, almost-smiling features and burly physique. "When was the first time you sucked cock?"

"Back in high school." Dan's words came without effort to lie, and he remembered horsing around with his best buddy... jerking each other off... trading blow jobs... sharing the same sleepingbag on weekend camping trips, both of them naked and horny. "Experimenting, that's all." He recalled the other guys, the high school studs he'd messed with... gone down on... swallowed their cum willingly... and the one who'd kicked him in the balls afterward and called him "queer." "Queer!"

"Your pal, was he the first one to fuck you?"

"No, that was later. This stud... I was broke and needed the dough." Dan remembered going to the man's apartment, lying naked on the huge bed, feeling the stroking fingers on his back and ass, hearing the coaxing words and the offer of money. "I needed the dough." The first pain-shock of penetration... the male-iron sliding deeper and deeper... the pulsing thrusts from the man hunched over him... the pain and the ecstasy... Dan's cum spewing into the mattress beneath him before the man's load spewed into his guts. "I only went back 'cause I was broke. The other times, it was only because I needed the bread."

"Sure, Dan," Wilson agreed quietly, gently. "You only went back to get fucked because you needed the money, not because you wanted it." He shrugged. "Ready to confess?"

"To what?"

"To whatever I decide." Without waiting for an answer, he nodded to the others. "Tie him down."

The men pulled Dan up and forced him across the room, pressing him face down on the chief's desk. His ankles were shackled to the legs on one side, his arms stretched, his wrists bound to the legs on the opposite side, his back and ass exposed, and the nightmare began again.

He was bound and helpless, and Wilson was peeling his thick leather belt from his pants and moving to his right

side. Ted and Carl followed suit, Ted taking a position on his left side, Carl disappearing behind him.

Wilson flexed his muscled arms, raised the belt, brought it crashing down, and Dan writhed as the searing pain raked across his bare shoulders.

Ted hit him from the other side.

Carl laid a stroke on his taut buttocks.

It was all crazy, being stopped by the cops and being charged with an unknown crime, being stripped and tossed in a cell with a madman and the village idiot who'd threatened to cut off his balls, being questioned and beaten, now being flogged... and craziest of all, his goddamn cock was bobbling full-hard be-

tween his spread legs!

The lashes struck again and again from all sides with agonizing slowness.

He saw men watching, most stripped to the waist, some naked and fumbling their genitals openly, smiling at his torture.

The whips ate over him, and his body was sweat-stuck to the desk beneath him.

Yeah, it was all a nightmare!

The numbness crept back into his brain, and he wondered if he was screaming... howling in pain... groaning... whimpering... still with a hard-on.

Slowly, drifting in the cloud-filled escape, he realized the beating had ended.

"Hey, Bull," Wilson's voice echoed in Dan's ears. "Want to fuck this trucker?"

"Sure, Mister Wilson! He's a fine-

looking guy!"

Dan worked his eyes open and focused on the open-faced blond... tanned and barechested... smiling... fingers reaching downward and popping open his trousers... stripping... no shorts... massive, thick-shafted cock already rising over large, clearly-marked testicles...

"Better grease that ram," Wilson advised gently. "You've got a real big one, remember?"

"I remember, Mister Wilson!" He moved out of Dan's vision, pumping his swelling iron. "Is it okay if I play with his nuts, Mister Wilson? He's got awful good ones."

"Okay, pal," the chief of police replied, maybe understanding Bull... maybe understanding Dan. "Go ahead, anyway you want!"

Dan, the all-male trucker tied down across the desk in the hick-town police station, felt the dumb blond move in behind him...

grip his asscheeks and spread them... push the wrenching-big head of his cock against the tender opening, slick and lubricated...

pressure it inward—

"AGGGHHHHH!"

Bull was fucking him!... like that guy'd done when he'd needed the dough... prick jamming up his butt... awww—

Dan felt the arms wrap about his hips... powerful male-cock easing deeper... fingers clutching his balls... pain... ecstasy...

cock shooting cum... long, ropery strings of sperm spurting from Dan's rigid cock as Bull plowed deeper...

"Dan!" The boy-man's voice was hoarse-whispered in Dan's ear, the massive ram plunging into his asshole frantically. "Dan! Danny! Awwwww—Dannnnnyyyyy!"

Numbed in agony and pleasure, Dan remembered how his buddy in high school had called him "Danny"... and how they'd traded blow jobs... and other youths he'd gone down on... the one who'd called him "queer"...

He closed his eyes, floating in a warm, secret world.

He was vaguely aware of Bull's murmurs of satisfaction, the work-rough hands stroking his welted shoulders and back, the massive ram easing free from his throbbing asshole.

Another man took Bull's place.

And another.

Dan lay still, chained in place, semi-conscious, and he didn't care how many of the goddamn cops screwed him.

When he drifted back to reality, he was in the locker room showers, cool water drenching him. His handcuffs and shackles were gone, and several of the policemen were washing up with him, naked and male and cock-swinging.

"Mister Wilson likes us guys to be clean and neat," Bull said, handing him a bar of soap. "Better scrub up, Danny."

Dan watched the burly young blond step back and lather his muscled physique and heavy, relaxed genitals, and he matched Bull's movements, wanting to be clean and neat for Mr. Wilson.

He washed and rinsed, washed and rinsed again.

Bull smiled his approval and gave him a towel, and they both dried off.

He followed the blond through the locker room, and the other men grinned at him.

He wondered if he was grinning back at them.

They went into Wilson's office, and the bare chested chief viewed his nakedness for a moment.

"Ready to sign a confession, Dan?"

"Yes, sir."

Dan sat down in the chair by the desk, and a ballpoint pen was shoved into his fingers. He stared down at the paper in front of him, and it was blank.

It didn't make any difference... Mr. Wilson'd fill in any confession he wanted.

Dan wrote his name carefully, clearly, and when he was done, he felt so god-damn free!

"Good enough," Wilson commented quietly. "You're going to be stuck here for a long, long time when the judge sees that confession, Dan."

"I—I know."

"Know what that means?"

"Yes, sir."

Dan raised his gaze slightly and watched Wilson unfasten his pants and let them drop. The man wore no shorts, and his full, mature genitals spilled out.

Wilson's hand cupped the back of Dan's head and drew him closer, and he let his face press into the chief's crotch.

Dan inhaled the scent of the masculine organs... licked the hair-spiked sac holding the slippery testicles... sucked them... shifted to the now-rigid cock... took it into his mouth—and throat... all the way!

He gulped and swallowed, the way he'd done with those guys back in high school... and Wilson mussed his hair and pulled back.

Dan's prick stood up steel-hard, and Wilson loomed over him, brawny and

virile, his cock glistening with Dan's spit... and smiling... understanding...

"C'mon," Bull said, tapping Dan on the shoulder from behind. "If I know Mister Wilson, he wants you to stay with us guys, and I'm the only one who hasn't got a full-time roommate. C'mon."

"Okay, Bull."

Dan knew the happy-faced blond was right, and he got to his feet and followed him from the chief's office... down the corridor... into a sparsely furnished bedroom.

"Lie down on the bunk, Danny. I've got some stuff Mister Wilson gave me. I'll spread it on your back and you'll heal up real fast."

"Thanks, pal."

Dan sprawled on his belly on the bed, and after a moment, he felt Bull crouch beside him. A stinging lotion spattered over his whip-raw back and ass, and then the blond's paws were rubbing it in, gentle and soothing.

"I'm glad you're going to stay here, Danny," Bull said with simple honesty. "Some of the guys, they haven't wanted to do what Mister Wilson says, but when he says—he's the chief."

"Yeah... I know."

"I'm glad. You're a fine-looking guy, Danny, and if it wasn't for Mister Wilson, I wouldn't've been able to play with your balls and—"

"You and Mitch were going to cut off my balls!"

"That was Mitch's idea," Bull explained easily. "He said it was a game, pretending to do that." He drew back, and when he spoke again, his voice was troubled. "I liked playing with your nuts, Danny, and I liked fucking you. But Mister Wilson says I don't think too good, not like the other guys."

"No sweat," Dan murmured, and he twisted over on his back and grinned up at the boy-man blond. "Are you in love with Wilson, Bull?"

"Sure. Aren't you?" He reached for a pair of cigarettes on the beside table, lit them and passed one to Dan. "Know what else I liked? I liked seeing you get hard when you were sucking Mister Wilson."

"I haven't gone down on a guy since I was in high school."

"Why not?"

"Dumb, I guess."

"Oh." He stretched out on his side next to Dan and put one hand on the man's solid chest. "I got into trouble when I was in high school. That's why Mister Wilson brought me here."

"What did you do?"

"I don't remember." He smiled, watching his fingers roam over Dan's naked torso. "Mister Wilson's made me shape up. He'll do the same for you, Danny."

"He already has." He finished his cigarette and doused it. "Nobody's called me Danny since my high school buddy. I sucked him off... and some of the other guys... until one of them called me queer."

"That's what all of us call each other," Bull said cheerfully, and he put out his cigarette. "Sometimes, we all get together in the locker room and call each other all sorts of names like that, and we all mess around and enjoy ourselves."

"That's—that's what I've always wanted to do," Dan confessed, easing over to lie naked and aroused against the muscular blond. "Understand?"

"No."

"You're lucky!"

Dan envied the simple-talking boy-man who had no doubts or hangups when it came to male sex.

He slid downward and ran his lips over Bull's full-arched chest, and he remembered the numberless times he'd wanted to let go with one of the horny studs at a truck-stop. Instead, he'd always settled for a blow job or for fucking ass.

Yeah, up until now, he'd always been the rough-and-tough trucker, screwing cunt and getting his rocks off with rest-stop fairies.

He nuzzled and licked lower over Bull's powerful physique, and he felt the younger man's cock swell and harden beneath him.

He worshipped the blond's masculinity with his lips and tongue and fingers.

He inhaled the scent of his offered crotch... lapped his bulging testicles... sucked down on his massive, inflamed cock... wanted his cum!

"Danny," Bull whispered, reaching down to grip Dan's shoulders, "I think Jimmy did the right thing, calling Mister Wilson and telling him you needed to come here, like I did when I was a kid."

Dan remembered the straw-haired youth at the fuel stop, taunting him with his overalls-clad body, showing up later here at the police station to get fucked while the other cops worked Dan over...

and he knew he'd stay here, fucking Jimmy and getting fucked, sucking cock and getting sucked...

shacking up with Bull...

and Wilson!

and all the others!!!

Theseus Slays Minotaur in Sydney Public Park

If you go to Sydney, New South Wales, Australia, you *have to* go to the Queen's Square end of Hyde Park and see the Archibald Fountain, one of the greatest fountains in the world. Set in the 4,860 square foot hexagonal fountain you will find the gods and demi-gods of legend in grand proportions.

Apollo presides over the rest, of course, not only by virtue of his magnificence, but also because he is the central

figure in the fountain. But, *Drummer* artist **Stephen Stafford** came away--as any of us might--impressed by Theseus Slaying the Minotaur. So, being an artist, he captured the hard-action image with skilled strokes of a soft pencil.

At a glance, the eight foot tall Theseus reminds us of all the strange and wonderful tales associated with his encounter with the half-bull, half-man monster of the Minoan labyrinth. Before the "glory that was Greece," there was the tribute paid by Athens to Minoan/Cretan culture: seven virgins and seven strong youths delivered to the Minotaur each year. And Theseus (was he a virgin too?)

was meant to be one of those sacrifices. We also are reminded of the Cretan bull dancers, young men whose daring dance involved catching a raging bull by the horns and throwing themselves into the air by swinging up and over the bull ... repeatedly.

Even though the Minotaur is vaguely related to the ancient Mother Goddess of the Mediterranean, he seems about as all-male as any creature out of myth and magic can be.

The sculptures by Francois Sicard of Paris and the fountain are dedicated to Ausatralian-French friendship in the "Great War" of 1914. They were given to Sydney by A. J. Archibald in 1932.

AUSTRALIA: WHIP PARADISE

Australia is whip heaven.

There's a stock whip on almost every Aussie's mantle and he knows how to use it. It's part of his manhood and tradition. Look around any Aussie museum or old jail and you'll always find the stocks, the whipping horse, leg-irons and the cat-o'-nine-tails. The "Fatal Shore" was a whipping colony.

Twenty-five lashes was called a "tester" to see if you were a "pebble" to be broken or an unbreakable "stone man". A hundred was called Botany Bay dozen and took two warders half an hour to lay on. Three hundred strokes was common. Hyde Park barracks remains today in the heart of Sydney and you can picture the convict line-up and hear the whistle of the cat.

Australia is whip makers' paradise. It's where the best whip makers trained. Both David Morgan and Jim Farris to name a couple. David Morgan still sells

whips out of Seattle (best available in the U.S.) but Jim is now into the computer business. Clive PLatman - Mr. Drummer 1990 - is an excellent whip maker. His cat-o'-nine-tails are tightly braided and give a vicious lash. He works in both rope and leather. Don't forget my leather cat, Clive.

The best Aussie whip makers work for R.M. Williams of 5 Percy Street, Adelaide, and do special order "craft" whips. They work in kangaroo, which is not endangered (in fact, there are more 'roos than Aussies). R.M. Williams has 8 - 10 whip makers working regularly and they turn out stock whips, the Aussie version of the American Bullwhip, and riding whips and crops, and of course, American bullwhips. Most whip makers will only do a cat-o'-nine-tails if they know you.

Discretion is in order when dealing with Aussie whip makers. They know

what you want the whips for but you don't need to tell them. They're crafts-people, not psychologists. You'd better appreciate your whip when you spend \$200 to \$300 for a stock whip or Bullwhip and even more for a cat-o'-nine-tails.

R.M. Williams has a shop in each of the large Australian cities. They are the best and are known for their excellent work and good value. My favorite whip-maker is Peter Clarke of Classic Whip-makers in Bilpin, New South Wales - outside Sydney in the Blue Mountains. He lives at "Wit's End", a great name for a whip maker's place.

If you visit Australia you'll meet Aussies into whipping in the land where men are mates and whipping is still in style. Aussies are hot studs and excel in everything, especially SM, bondage and whipping. See Australia and you'll fall for Aussie men and their whips.

Jim was naked except for a padded leather jock, boots and the stock whip in his hand. So was I. We both were hot to crack our whips on leathery skin. We had six-foot stock whips with knotted crackers that went ballistic when we got a good lash. Rifle shots and long red welts each time one of the whips cracked, breaking the hot noon silence.

The circle of stones was ten feet in diameter. Lots of room to move and step hard into each stroke. We could hit anywhere below the neck and above the waist. We could crack at will. Jim was faster. I was getting a lash every 5 - 10 seconds but only giving lashes to him every 7 or 8 times a minute. My strokes were as hard as I could lay 'em on. His were, too. Trickle of blood flowed out of the wide angry welts. We each had some on our chests and backs as well as our asses. God, the pain throbbed. The

hundred degree heat made the earth throb.

How long could we go on? Who would be the one to step out and end the fight? Loser to be bullwhipped on the posts of the shade ramada. I saw him wince as I landed on his chest again and again. "I've got him," I thought as I stepped back to lay on another lash. He stepped out of the circle. I won.

He got a hundred lashes of the six foot Bullwhip on his chest and back at full strength. A second whip fight Jim won and I took a hundred from him.

There are many scenarios for whip fights. One variation is stroke for stroke; first one to call stop loses. Or you can go until one of you misses a set target three times and loses. You can fight in a circle or in the open. All these are in the Aussie tradition.

Make your own rules. Have no rules like Jim and I did, just protect your cock

and balls and no face strokes. Midday in the outback or evening at a friend's place, all you need are bullwhips or stock whips (I suppose you could even whip fight with a cat-o'-nine-tails) and a secluded place.

A whip fight is an incredible turn-on. The adrenaline flows very fast. The crack of the whips and the cut of the strokes give great rushes of excitement.

You don't have to go to Australia to whip fight. I've done it in the American outback - our California desert. I've also fought in the Gold Country of California. Anywhere secluded will do.

Jim Farris had his first whip fight in the parking lot of R.M. Williams, Adelaide, with a fellow whip maker just to test their new whips. Shirts on, though, and neither flinched. They were both stone men and went off to the pub together for a few pints. Pommie and Aussie mates. Arm in arm.

Another New **DRUMMER STORY CONTEST**

The thought provoking image at left is by Kirby. He calls the picture "Raunchy Jock Auction" for reasons that seem obvious enough to us, but you may call it anything you like. Look at the guys, think a few thoughts for them, make some plans for them, or figure out what they will be doing just after the moment depicted here. In short, go any direction you want from this moment in the "jock auction," and write your ideas down in a piece of strongly worded, fast paced, one handed fiction. Make it the kind of story you'd like to see in *Drummer*. Then, maybe...who knows.

We're looking forward to reading the stories you write based on Kirby's art work, but--in the end--we'll have to choose one First Place winner, and possibly a runner up or two. The winning entry will be awarded \$200.00 cash and his story will appear in *Drummer*. The Second Place winner's story will appear in *Drummer* or *Mach* and he will be paid \$100.00. Each entry must be typed double-spaced, and must be between 12 and 15 pages in length. We must receive manuscripts by May 1, 1991. Include a SASE if you want your manuscripts returned. Send your entry to: Desmodus, Inc., P O Box 11314, San Francisco, CA 94101-1314.

HOLE IN THE WALL

by Clive Madigan
with photos from the
Drummer archives

In gay history there have been millions of them, from the walk-up-start glory hole variety right through the horny spectrum to the secret peep-holes in locker rooms, to the ones deliberately made by nosey landladies and closet voyeurs.

In Brisbane, Australia, there was a scandalous "Hole in the Wall Case" where an inquisitive landlady bored a hole in a tenant's wall to see what was going on between a young man and his frequent male visitor. Then, in shocked indignation, she called the police. But before the police took up their viewing positions, the tenant had rearranged the furniture that afternoon. So when the police arrived all they could see was four feet facing downward from the end of a single bed. In the homophobic atmosphere of those "dark ages" (1950s) the evidence was enough to convict the lovers who got two years in the slammer.

For almost twenty years there was a worn-glass-smooth glory hole in a waterfront public toilet at Townsville, Queensland where from dark till dawn the trade was brisk. In the mornings, the park workers would cement a large brick into the hole, and the following morning it would be gone. During the night the local gays crow barred it out and carried it away. This ongoing battle continued for over twenty years until the council gave up and demolished the toilet. A new one with hole-proof walls was built on a pedestrian mall in the city heart. The old one was sadly missed.

On Sydney's north shore (upper middle class) electric train line there was a glory hole at every station stop, but by far the best was one where a group of fuzzy-chinned high-schoolers hung around between the hours of three and five thirty pm. The hole between the two cubicles was just big enough to make a comfort-

able skin contact, but over the months it got larger and larger to a point it was a walk-through. Finally the wooden partition collapsed through the wear and tear and when the station was remodeled, concrete replaced the wood. That also was sadly missed.

One gay public toilet devotee who positioned himself every day in a cubicle with a convenient glory hole, invited a penis inspection from the occupant of the adjoining cubicle and on seeing an

obscene, wrinkled old specimen come through, pulled it to one side and punched the "helmet" as hard as he could against the marble. The cute sailor he was expecting had gone into a cubicle next door *but one*.

"The Mutilator" who was cutting off and carrying away winos' and derelicts' genitalia all over Sydney during the early 1950s didn't use glory holes but got what he wanted all the same. He had nipped-up six "sets" before he got caught and

sent to a madhouse. The gay scene, small as it was, breathed easier.

Melbourne had glory holes all over the city but they had become notorious for muggings. Crumby-arsed crims would get a head job then mug their benefactors.

For those more interested in the "veal" variety, there was the famous Bondi Beach changing pavilion where one had to be early to get a secured locker cubicle near the open sandpit area where the "chickens" lay about supposedly sun baking, but were available for a "knee-trembler" for a set fee. They had a union, too - no negotiations to enter into. The inspection hole in the cubicle door (beach inspectors would occasionally snoop around) was a problem which ruled out lengthy activities.

It remained a complete mystery for a long time - the sudden and mysterious disappearances of cute little numbers who sauntered around Melbourne's Art Gallery on school holidays (if there is a good pick-up area they all tell each other) then seemed to vanish into thin air for several minutes. When two "chicken hawks" went to London to live, they passed on their keys to four janitors' broom closets. So, that's how they done it?!

There was something similar in a Sydney movie theatre which male ushers used.

In a Melbourne used car yard run by three gays was a spare room with a two-way mirror. Whenever there was casual sex, the phones would run hot with viewing invitations. No cameras allowed. Highly experimental, every possible, gay

Kama Sutra position was tried - The Octopus, The Trapdoor Spider, The Windmill, The Kangaroo, and The Swivel. The latter started at midday and swiveled around to midnight.

One of the operators who had a regular, said he was so used to the "doggie" position he started to chase cars.

When I was between jobs I booked into a large Melbourne boarding house, occupying a single room next to the communal bathroom. Most of the guests were young apprentices and city office workers - a mixed bag of good, bad and the indifferent. Some I wouldn't take to a shit fight.

The landlord said if I was running low on cash I could paint the rooms and hallways during the daytime which would cover my board and have money left over for incidentals. When I started on my room, surprise, there was a filled-in peep-hole high on the wall and looking down into the bathroom. Up until then I had no thoughts of voyeurism, but as the hole was already there, why not? That same day I bought a wide-angle "spy-pen" from a gimmick shop, and from four-thirty till dinnertime the viewing was remarkably good.

In Shakespearean terms, most of the males had "much ado about nothing", with two "as you like it" and one with a "taming of the shrew". There was no "midsummer night's dream".

In days to come, whenever I heard the showers running I would take up my position on the ladder to see what was new. One girl of about eighteen - a tall,

leggy blond with Nordic forebears - was the musical kind who used to play "Joe Fingers Carr" with herself until she almost fainted from ecstasy and slumped to the shower floor with her eyes closed and mouth lolling open - and another, darker girl with a raven pubic bush the size of a bird's nest massaged herself all over for what seemed hours. I imagined if I gave the bush a whack with a stick, birds would fly out.

One youth, new to the city and from the sticks, used to run the shower, then lay on the rubber mat in front of the full-length mirror with his legs on the wall to examine his anus. I thought he might be suffering from painful anal piles, but when he inserted a seven points banana, I knew differently. After he had finished, he would wash and peel the banana and eat it as a pre-dinner snack. The watching was very horny, but I never made any approaches. There was nothing worse than shitting in your own nest and having to pay the consequences of an immediate eviction.

The elderly and over-peroxided old dear of a housemaid was completely bald all over and wore a Mae West wig, and every time a latin-looking youth showered, the moment he lathered his crotch, up stood "Steely Dan" in a state of readiness. It was little wonder he was fighting off young girlfriends with the proverbial stick. He was one who had "the taming of the shrew" - all nine, meaty inches of it and a helmet like a robber's dog.

Tiring of the game, I refilled the hole. Not long after I was away again to other adventures and other holes in the wall. ■

ASIAN MUSCLES, PACIFIC SPIRITS

The Art of
Sadao Hasegawa
as presented in a new
Gay Men's Press book

Reviewed by Joseph W. Bean

This is an art book you *must* have.

Sadao Hasegawa is a paradox. On the one hand, his art shows unmistakable influence from sources as varied as Tom of Finland and Magritte, Japanese culture and western forms of painting, plus the many distinctive visual representation traditions of the religions of Asia, the Pacific islands, and the Indian subcontinent. And, on the other hand, he seems to be an unprecedented and entirely unique genius in the field of male erotic art.

When the gods and goddesses of the Pacific appear in Hasegawa's work, they carry in the spirit of the invisible worlds they refer to, but they bring no moralizing, no judgments. In fact, they are usually the active partners the homosexual and SM *menages*. If, as Frits Staal suggests in introducing the book, we are to see them as demons, then they are demons sent from a hell devoutly to be wished because they know the sources of pleasure . . . meaning, of course, that Sadao Hasegawa knows these things.

Perhaps more importantly, in consideration of what is happening in SM communities around the world, Hasegawa is perfectly clear about the spiritual content of sexuality. He expresses his views on this subject in almost every painting and drawing, taking his imagery from the pantheons of Balinese, Indian, Thai, Japanese and Chinese cultures. The movement toward spiritual investigation by leather folks in the West tends to incorporate the Western paganism and Eastern religious forms. Similarly, the spirit appears in Hasegawa in ancient (if still viable) religious symbolism.

But no one should mistake Hasegawa's paintings for icons of inner vision *only*. However much the invisible is portrayed in his work, Hasegawa is also painting a lusty, sophisticated, sexually hyper, pig-out for pleasure world. His men and "demons" are magnetic with universally understandable desire and desirability.

Conditions of current censorship and restriction make it impossible for us to show you his most striking work. A single cock thrust into an ass hole is already unpublishable today, much less images such as two or more cocks in the same ass, long nosed masks pressed into service as dildoes, dogs being fucked or licking a samurai's cock and balls, piss flowing directly into the mouth of a young man straining to catch the flow... You get the idea. In this book, you get it all.

Note: Sadao Hasegawa's art was featured in Mach 9 (1975).

LEATHER BULLETIN BOARD

Leather Pride Celebrations & Drummer #150

In June 1975, when the first issue of *Drummer* was published, "Leather Pride" was a concept who's time had not yet come. True, there were many leather bars, leather and/or motorcycle clubs, and other organized businesses and events growing up all around the continent. And individual men certainly took pride in their appearance, and their actions. But this was the time when the most activities were still conducted anonymously and in the dark in the backs of parked semis, in abandoned warehouses, secluded basements, on beaches, and in the shrubbery of parks and truck stops. This was the time when the Chicago Hellfire Club was still known to the outside world only as the "Fireside Club", the name on their checking account.

In the intervening 15 years much has changed. The Plague has greatly altered our attitudes and behaviors regarding anonymous sex and new methods of networking have changed the way we get together. But we still get together for hot action in even greater numbers than before. And even more importantly, we have come out of the dark. Not that the dark and mysterious cannot still be fun, it is, but it is not the only place we dwell.

For the last several years Leather and SM organizations all over North America have been making themselves more visible and both individuals and organizations have been taking pride in their Leather or related lifestyles. This visibility now includes public celebrations, parades, classes, demos, contests, competitions, panel discussions, seminars, speeches and performances.

In May we will be publishing the 150th issue of *Drummer* and we want to mark this milestone with a special feature on Leather Pride celebrations from Anchorage to Key West, from Portland, ME to San Diego, from Winnipeg to Brownsville, from Honolulu to San Juan, from New York City to Peoria, and at all points in between. Wherever Pride in our Leather and related lifestyles has been publicly celebrated on the North American continent we would like to document it and share it. If we were *Time* or NBC we could send out an army of reporters to gather information and photos for us. However, the staff of *Drummer* is no army and we have no such travel budget. Instead I ask the army of *Drummer* readers to help.

Send us information and photos on leather

contingents, or participants, in Gay Pride parades and festivals, leather contests and motorcycle runs, seminars and speeches, political demonstrations and street fairs, conferences and coronations. Give us whatever information you can on the event (when, where, what, etc.) and, if possible, the people. Indicate how the photo credit should be given. Events from the past year are of primary interest but info and photos from older events are also welcome. We must have the information in our offices by early March, so don't delay. Nothing received after March 15 can be included in *Drummer* 150 (but might be used in a later issue). The earlier we get your contribution, the higher the probability it will be used.

In the 1990 Sydney Mardi Gras parade this Giant Leatherman was pulled through the streets by a contingent of hot leathermen tugging on chains. The entry was sponsored by Jayar Leather. WHERE LEATHERMEN MEET

By placing an ad in this section, a bar or other business is telling you that they welcome Leathermen.

By accepting their ad, *Drummer* is telling you that the bar has been recommended by a Leather/SM club or a recognized individual in the community as a good place to meet and socialize with other Leathermen. In larger cities, these will be THE leather bars; in other areas, they will be the more general purpose bars where Leathermen do go to socialize.

Help us to alert *Drummer* readers and travelers to the RIGHT place to go to meet Leathermen in your part of the world. Send us your recommendations and talk to the right bar owners and managers about placing one of these low-priced ads. If you see a business listed here that you think shouldn't be, let us know about that, too.

This year's recipients are Project Lifeguard of the San Diego AIDS Foundation, Mama's Kitchen, and San Diego Hospice. Project Lifeguard was recognized for its significant educational outreach to the leather/SM community. Last year's Leatherfest '90 raised approximately \$1800 for San Diego AIDS service agencies.

Previous Leatherfests have attracted people from all over the world. "Based on past year's attendance," said Ed Winant, President of NLA:San Diego, "we anticipate 400 to 500 participants." Dignitaries who have confirmed their attendance at Leatherfest '91 include Brian Dawson (Mr. Drummer '89-90) Jeff Burnam, Howard Martin (Mr. NLA '91), Bob Schurr, Tony DeBlase, John Ferrari, and Tom Rinus (Mr. Leather San Diego.) When Hell Freezes Over

Many leatherwomen have told me for years that they have a bad case of "Inferno Envy". Now some of them are doing something about it!

The Colorado Outdoor Leather Dykes (COLD) have announced that When Hell Freezes Over, a Womyn only SM event, will occur on July 12 through 14 in the Rocky Mountains at a private 47 acre site about 2 hours west of Denver. The space is equipped with porta-potties, showers, a stage and plenty of space but no housing of any sort. "This is a rough out weekend. We are envisioning vendors, workshops, entertainment and lots of fun and laughs." Registration will be limited to the first 125 womyn (21 or older) who send in a \$25 non refundable deposit. Full registration for the event is \$100.

Womyn may write for information to C.O.L.D., PO Box 18444, Denver, CO 80218. Send SASE for further information by March 1. Information will be sent by March 15. Indicate if you want special information for vendors, for workshops, and/or for work exchange arrangements. Include your \$25 deposit if you wish.

HEPATITIS B AND ANTI-GAY PREJUDICE

By Alan Chiras

A true story--December of 1989 started for me like December of any year: as the bone-chilling temperatures of New England set in, I caught my traditional winter cold. Or, so I thought.

As I stayed at home trying to recover, I noticed that my urine had turned brown. This concerned me enough to get me to visit my doctor.

A year before this happened, I had chosen a doctor with the recommendation of several of my close gay friends. She was considered to be the best general practice doctor in the primary care ward. My doctor and I had openly talked in the past about my being a gay man, and about my work in the leather/SM community. So when I walked into her office, she knew me on a very personal level.

I spent about five minutes explaining how I felt. Then, after a brief examination, she said that I had hepatitis-B. After drawing blood to be tested, she said that it surprised her that I had hepatitis-B because it was a sexually transmitted disease.

I went home knowing that I would be feeling worse before I would be getting better. I had recently moved back home to take care of my ailing father, and needed to tell him and my mother about my condition. They were the only people to whom I had not yet 'come out' about my sexuality.

When I told my mother, she said "Well, Mr. Safe Sex, who did you get this from, a guy or a girl?" When I told

my father, he just grunted, his usual response even when he's not sick.

One week later, I received a call from my doctor. She wanted me to return to her office immediately.

By this time, I was having trouble getting out of bed. My friends gently placed me across the back seat of their station wagon, and drove me to the hospital. When the doctor came into the examining room, she said that my test came back negative, but added that it must have been an error at the laboratory.

She had more blood drawn, and sent me home. During the next week, most of my friends found out about my condition, and visited me. We talked, played bridge, and one of my friends took dictation for me. When the call came in to revisit the hospital A.S.A.P., my friends had fun kidding me about it.

Unfortunately, the joke was on them. This time, my doctor was not in a joking mood. She said that I once again tested negative for hepatitis-B. However, she had asked for a broader set of tests to be done this time, and it turned out that I was positive for hepatitis-A *not* B.

Although I already knew, she explained that hepatitis-A, unlike B, is usually transmitted through casual contact. I thought of all my friends and family who thought that they were safe. . .they were not. She also explained that because I was a gay man, and someone involved in SM, she made the wrong diagnosis.

Fortunately, none of my friends tested positive for the virus. A further test on my blood showed that I was still not immune from hepatitis-B.

Many important lessons were learned from this experience:

First, many people who are HIV+, or beyond, may often know more about their illnesses than the doctors treating them do. Sometimes they must instruct their doctors on how they want to be treated. We, as gay men, need to use that approach with all sexually transmitted diseases, at least.

For example, when gay men ask

to be tested for a broad range of sexually transmitted diseases, parasitic infection is often not included in the testing process. Many doctors don't classify parasitic infection (usually acquired from unprotected rimming) as something acquired sexually.

Second, don't be afraid to ask the doctor to look at a broad range of options in his or her work. For example, when I was tested for hepatitis-B, I should have asked to be tested for hepatitis-A and C at the same time (a hepatitis-C test was recently developed in Worcester, MA, and should now be available to all doctors).

Finally, it should be realized that the best of people can make biased decisions. Even though it was a heterosexual doctor that made this 'bad call,' it could have just as easily been a vanilla gay doctor showing bias towards an SM related injury.

To optimize your chances of a successful relationship with your doctor:

1) Find a general practitioner as close to your sexual orientation as possible so as to help build understanding and empathy. For our purposes, a knowledgeable gay doctor who is involved in SM would be the ideal.

2) Don't be afraid to ask questions. If you are having tests done, ask what the exact testing will be. Ask if related test exist which should also be considered. Ask if all possibilities are covered by the intended test, and why other options are not being chosen.

3) Knowledge is power. People who practice SM need to be *and are* more in tune with their bodies than other people. We can help doctors to know what they are looking for and what at least some of the realistic options may be. And, knowing what to look for can speed an accurate diagnosis which is necessarily the beginning of a speedy recovery.

Alan Chiras is executive director of Leather Force 2000, a division of New England AIDS Outreach; an AIDS service organization dedicated to outreach to under-represented high-risk minorities.

CLIVE PLATMAN

Mr. Drummer 1990 - 91
Mr. South Pacific Drummer
Mr. Australia Drummer
Mr. Victoria Drummer

Militant Playful & Damned Sexy!

Clive Platman is from Melbourne, Victoria, Australia. He is 25 years old. He reports that he is 173 centimeters tall and weighs 65 kilograms. He was sponsored in the international finals by Jayar Leather (Sydney) and Leather World (Melbourne). He works as a barman in what he calls "a very explicit club for men." He spends his spare time practicing leather craft and learning whip making.

Mr. Marcus

Clive is an active participant in fundraising for the Australian Federation of AIDS Organizations and the Victoria AIDS Council. He participates in classes on SM and bondage for safe sex. And, during his first four months as Mr. Australia Drummer he raised over \$14,000. His fund-raising talents extend to the U.S., as well. During Leather Week of 1990, Clive and his very able mates raised \$2375 at the San Francisco Eagle for the AIDS Emergency Fund.

His goals as Mr. Drummer are to promote understanding and acceptance of the leather lifestyle, to increase contact among the growing international leather communities, to finish growing up and become a big boy and to constantly re-explore his sexuality.

CLIVE'S

With the first Mr. Australia Drummer contest as an excuse, I took advantage of a lot of frequent flyer miles and finally fulfilled a lifelong desire to visit Australia. Thus, I was there in that very HOT and very cold sheep shearing shed in Canberra to witness one of the most arresting fantasy presentations ever. Over the years I've seen many Mr. Drummer fantasy skits that were hot, exciting, imaginative, humorous, or in other ways outstanding.

But Clive Platman's Fantasy is in a class of it's own. It is simple and straight forward. There is no set, except for a frame suspended between him and the audience, representing a mirror into which he is looking. There are few props, a candle, a pair of tit clamps, his leathers. There are no Drummerboys. There is only Clive, his body language, his phrasing, his intonation, his words, and most important of all, his sincerity. This performance is outstanding because you know it is not fantasy, it is "a reality."

-- AFD

When I started to think about this contest, only one real problem caused me a headache, this one, the Fantasy.

So I started, I guess we all did, going through ideas, sexual fantasies...

I thought no way mate! Put ideas like that on the stage and they'll lock you up.

I settled on a couple of workable ideas and contacted a few mates to help make them come together.

Well, what with one thing and another, no one could get their shit together enough.

I started worrying. Something wasn't right. This thing was not going smoothly.

The reason for the trouble: playing games. I wasn't being true.

To play a fantasy... Well, I could...

But when it comes down to it, I only have one REAL fantasy.

It comes to mind when I'm going out for the night.

"I'm a bottom.

I wear orange on the right.

Anything goes.

Submissive.

It's taken eight years and I've learned.

The limits you impose for yourself, they can be removed, through trust.

FANTASY

"I want to kneel at the feet of a man.
A man I can worship.
A man who will take joy from my service,
fulfillment from my pain. I want a man
I can truly call Master,
and know that role playing is behind us.
Being led subserviently at the end of a
leash, yet being as free as a bird!
Feel the burn of the whip's leather caress,
it raises you to talk to god.
He's close. He holds the whip!
The intense joy of tortured tits.
Journey of pain, lifting you,
lifting you to heaven.
Oh, I've tasted it,
and I hunger for more.

"I will love my Master, and he,
he will love me.
Demanding that I fulfill my potential,
demanding everything I have.
Everything I am will be his.
I will be his!
Freely given, accepted with care.
We'll be inside each other's heads.

"There are many men who call themselves
Tops,
but I am no side of meat,
to lay down and ACT the slave.
I'll turn the tables on a Top who lacks the
strength to keep me down.
I'll still play the game,
for the sheer piggery of it.

"We'll meet, my Master and I.
And that won't be a fantasy.
That will be a reality!"

Powerful as these words are, hearing and watching
Clive speak them is even more powerful. You can do
this, viewing the Mr. Drummer 1990 video tapes.

The 1990 Mr. Drummer Finals Show is on two tapes: Part One/Jockstraps (BBC 014) and Part Two/Sexual Fantasies (BBC 013). The tapes sell for \$49.95 each or \$89.95 for both, plus \$3.50 shipping and handling for the first tape ordered, \$1.00 each additional. (California residents include sales tax.) BRENT BOSTON

MR. NEW ZEALAND DRUMMER

Brent Boston's appearance as an invitational contestant in the Mr. Drummer 1990 Finals helped to establish the importance of the Pacific Rim in the growing global leather community. Originally from Kati Kati, New Zealand, this twenty-six year old packs 150 well-distributed pounds on a 5 foot 11 inch frame. He's a construction worker to boot (or un-boot if you like). His hard work and fund-raising activities with the New Zealand, Australian and San Francisco leather communities earned him the sponsorship of both Marathon Films (Los Angeles) and Out Magazine (Auckland, New Zealand).

Traveling is a passion for Brent, as are motorcycles and hot leathermen; we'll leave it to him to determine the ranking order. His goals? To continue encouraging and participating in communications between the leather communities in North America and the South Pacific.

You'll agree he has the right stuff to succeed.

STACKS OF GOOD STUFF

by Joseph W. Bean

When almost all of Drummedia had to be scrapped last month for space considerations, the predictable result was that the media pipeline had a chance to overflow between the last column (Drummer 144) and the present one. So, with books and tapes and art works cascading across my desk in an avalanche-like jumble, I will have to spin through most of the new things pretty quickly. Hold on tight.

8 BOOKS 8

Leathersex is one area of literature where the dividing line between fiction and non-fiction blurs. What is clearly a sex act of satisfying proportions to one man is obviously an impossible fantasy to another. One man's dream is another man's diary. So, while I have my own impressions about where the fact/fantasy lines must be drawn for the authors of the first three books, there is no point in saying which tales in each are on which side of the line.

Mineshaft Nights by Leo Cardini evokes the real nights of the knights of New York's most famous SM sex club better than any other attempt I have read ... and I have read a lot of attempts. The introduction alone--rich in delicious, visual details--is a hearty and historically significant record. The eight individual stories of the book blend together--from "Door Slave" to "Damp Dollars" to "Man Addiction"--to form a picture-perfect impression of the Mineshaft. A one-time visitor to the dark world inside the "private" club could never have collected, much less remembered, so much.

The stories each begin at the entrance to the Mineshaft. Each one spells out a different fascination with Cam, the over-hot doorman. And each tale bubbles over with the kind of fantastical sex that men all over the world dreamed went on behind the metal door, beyond the seventeen stairs, past the scrutiny of the doorman.

Mineshaft Nights is not a jerk-off book to be tossed aside after you shoot the dozens of loads it will milk out of you on the first reading. It's one to keep around, to warm yourself with on cold nights, to spur memories, and to inspire new acts of fantasy and reality for years to come. (*Mineshaft Nights* by Leo Cardini, Firsthand Books, 183 pages, paperback.)

Rogues to Remember and Leather Rogues by Bill Lee are books one and two in a new series by a new publisher, GLB publishers. The Rogues Series is called "one hand books for two-fisted men," and certainly these all-Bill Lee anthologies fulfill that promise.

Book one, **Rogues to Remember**, is made up of 16 not specifically *leathersexual* pieces, originally published in non-leather 'zines, but only an illiterate leatherman could fail to enjoy these stories of sex, sex, and more sex with marines, sailors, construction workers, an accountant, truck drivers, porn stars, aliens and a couple of college students. While the sexploits of these various rogues may not always seem so terribly roguish, they are always interesting, and the stories are damn good. I am even tempted to say they are better than porn has any need to be, but I actually prefer my one-handed reading to be worth

them before, every one of them is worth reading a few more times.

These "Rogues" books each have a few rather interesting surprises. A previously unpublished piece in the first book, for instance, "to demonstrate the use of fiction in teaching and promoting safer sex," and pieces in both books that are clearly autobiography of the hottest sort. In short, Bill Lee's **Rogues to Remember and Leather Rogues** are essential additions to any decent collection of *working* male porn. (The "Rogue" books by Bill Lee, GLB Publishers, 162 pages each, paperback, \$10.95 each)

Perverts by Official Order: The Campaign Against Homosexuals by the United States Navy by Lawrence R. Murphy is frankly a history book. It makes no concessions to casual readers as it drives into the details of court proceedings and personal tragedies, spelling out in an alphabet of terror the words "dishonorable discharge." It is unlikely that even the most sadistic *Drummer* reader could take pleasure in the treatment the Navy gave/gives to men suspected of being homosexual, but it is intolerable to realize that most of us know so little about the subject. Lawrence's book is as pleasant--thanks to superb writing skills--as his subject allows, and it's message about how insidious and illegal acts are tolerated so long as the victims can be labeled "queer" is one which, sadly, we need to hear. (*Perverts by Official Order*, Harrington Park Press, 340 pages with index, paperback, \$19.95)

Hidden from History: Reclaiming the Gay & Lesbian Past edited by Martin Duberman, Martha Vicinus, and George Chauncey, Jr. is in the same general category as the fireside history books, and encyclopedic references on gay history that we have seen so many of in recent years, but it is very different from the other books in the category. Where some (notably the books by J. Katz) are almost unreadably dry and others (the heavily illustrated ones for the most part) read well but say little, this Lambda Literary Award-winning anthology of diverse essays is delightful reading. Even when the subject turns to homo-hatred and bigotry in whatever historical setting,

reading. Lee understands that.

Book two, **Leather Rogues**, is an even dozen of Lee's best leather stories, including pieces originally published in *Drummer*, *Folsom Magazine*, etc. And, in this volume, the author gives us a few previously unpublished stories that will leave magazine editors wishing they had been given a chance to publish them. These stories are hot, and even if you've seen

the editorial tone of "Hidden" is one that works more like excellent journalism than plain old history.

What "Hidden" lacks is, in effect, the specific history of your lifestyle and mine. What is gay about us has its precedents and roots here among the miners, sailors, clergymen, and samurais. What is leathersexual remains hidden in this history, however. It even feels, at odd moments, as though the writers have gone out of their way to suggest that gay history simply doesn't include anyone as *different* as everyone I know best and care most about. [NOTE: *Drummer* obviously is going to have to jump on this empty bandwagon, and get something done. See next month's "Rear View Mirror" column by Guy Baldwin, for example. Then, get your own research and memories in writing and submit them for possible publication. Do it now.] (Hidden from History, Plume/Penguin USA, 579 pages with extensive notes but no index, paperback, \$12.95)

Lucky Man by Gregg Strom. This author is a walking, breathing, self-contained porn industry, a mountain of muscle with a sex-mad mind in residence. His videos and posters, his personal appearances and body building/gym training sessions have made him something of a legend. And, in the "About the Author" section of this book, he advises readers: *Believe whatever you may have heard about Gregg Strom. It's all very true. And it gets better. Or worse. Whatever you can imagine, he did, is doing, or is about to do.*

In the book, Jeff Torvik--a fiction, of course, *not* a representation of Strom (heh-heh)--does it all too. Take a look at just the first paragraph: "Jeff was tired. He had trained diligently, dieted intensely, polished his posing, and sucked off all the right judges." Moments later, he flashes his tightly-built buns at the oncoming traffic, attracts a passing muscle photographer who happens to be going exactly *his way*... and we're off!

The story that unfolds from there to the end of the book is a bizarre blend of fantasy sex, muscle sex, mystery sex, and strange episodes, like taking two nameless guys shopping for KY and dog collars in the middle of the night and having them wear the collars through the grocery store check out. The illustrations vary from worship-worthy muscle shots to oddly treated images of ice cubes and remote control units. Is it art? Who knows, but it's hot more often than not, and it's wierd from beginning to end. (*Lucky Man* by Gregg Strom, Bryx International, P. O. Box 69127, Los Angeles, CA 90069, \$24.50 including shipping and handling)

Desert Patrol, photographs by Dook, is a single, simple, only slightly sexual tale told entirely in photography. Dook's 87 sepia printed

A hot shot from Bob Jones' *Ticklenapped*. ...more of the usual tickling and tickling stuff, and good, as usual.

photos tell a story that each "reader" may interpret slightly differently, but no hot-blooded male will fail to notice that all the patrollers of the desert and the wild man they encounter are perfect specimens of European manhood. Throughout the large-format book, you know that these guys had hard dicks--probably some hard action, too--but that is not in the pictures. All the same, cruising through these pages you're sure to perk up, poke up, and feel great. (*Desert Patrol*, Bruno Gmunder Editions/Alternative Press, 88 pages, hard cover)

Sexual Portraits: Photographs of Radical Sexuality by Michael A. Rosen is the next logical step after *Sexual Magic: the S/M Photographs* (1986) by the same photographer. Logical? No, that's not it, because logic

is not the line along which art extends. In any case, since "S/M Photographs," Rosen's work has moved in closer, become more intimate, shifted it's focus from the acts and artifacts of radical sexuality to the inner worlds and motivations of the actors. The effect is entralling.

Rosen's photography is absolutely without gimmicks. He is working in a blank-stare, all out for honesty style here, collecting the images without inserting non-essential visual commentary. Then, as if to force every viewer to confront and accept the reality of what he sees, the photographer turns his hand to editing, presenting with many of the portraits a selection of revealing quotations from interviews.

"Portraits" is a very personal book, but not in the sense of giving the photographer's

From *Sexual Portraits*: Michael R. and friend Jack Fertig, 1989.

opinions or his views. Instead, it derives its personal nature from an undeniable feeling of intense intimacy. Page after page, the pictures and words stake out territories that the average reader may have thought distant, but here they are, up close and accessible. This effect may come from Rosen's admitted use of his photography as a "personal odyssey," a way of learning how choices are made and a way of challenging himself "to do important, excellent and original work, with no excuses."

Rosen also asks us to think of this as a travel book. Even if the landscape is not going to be unfamiliar to most *Drummer* readers, it is not the terrain in which most of us live our daily lives. So, whether it is about destinations we are dreaming of visiting, about places we like to remember, or about the space in which we find ourselves, "Portraits" really is travel journalism

... the best kind, the kind that points out all the unique landmarks without placing undue emphasis on the difficulty of the journey.

Rosen: "Finally, this book is a manifesto, a declaration of what I call the Zero'th Amendment: 'I do with my body and my life what I want and, so long as I harm no one, that's no one's business.'" So be it. The portraits startle and inspire: these are people exercising their zero'th amendment rights. The carefully selected quotes from interviews express the drives that make each individual worthy of the photographer's attention and ours, and they make clear the reasonableness of uncommon ways of becoming. The arrangement of the portraits--as vital to the art here as the pictures themselves--is pure genius. We are led into the world of the photographer's subjects, given freedom to measure ourselves by its scales and

rules, then given access to our own lives again ... but we can't go back to our selves unchanged.

The piercings, bondage, leather, power plays, personality explorations, gender discoveries, tattoos, cosmetics, costumes, cunts, cocks, muscles, shaves, whiskers, enslavements, and liberties that make Rosen's *Sexual Portraits* magnificent and moving are, at best, the substance of their surface. What is really important here is the heart of the artist, beating now rapidly, now at a deadly speed, but always in perfect synchronization with his radically sexual subjects. (*Sexual Portraits*, Shaynew Press, P. O. Box 11719, San Francisco, CA 94101, 64 pages, paperback, \$25.00 including shipping and handling)

7 VIDEOS 7

Porn video has to do one thing above and beyond all else: It *has* to be a turn on, or forget it! That being the case, rest assured that, for the intended audience, each of the tapes mentioned here is good at that. Every one of them will do the job if you share the fetish or aesthetic of the producers. The point of each mini-review, then, is to help you decide if the particular tape is in *your* area of interest. Again, hang on, we're not only going to be moving fast now, we're shifting into the hyper-space of individual turn-ons.

BONDAGE: Grapik Art Productions does a special brand of bondage video. The significant action in each GAP tape is the bondage itself. The guys tend to be very hot, relatively young, usually tanned, and unusually adept at punching up the bondage as bondage. Among Grapik Art's tapes, the differences are not terribly important, except for the differences in body types, but two of the best are *Well Cinched* and *Fervent*. They're well done bondage on great looking guys in a nicely erotic playroom setting.

FEET & TICKLING: As you have read in these pages repeatedly, the fields of foot fetish and *especially* tickling are completely dominated by the tapes being produced by Bob Jones. Now, even if they are very much like all the ones before them, Jones has made a couple of new tapes that twist his standard subjects to into new shapes. Still using guys whose real lives must be lived on the streets around Times Square, the newest tapes--*Foot Slaves* and *Ticklenapped* (the 23rd title in the series)--are more than usually successful at eroticizing Jones' usual themes. Without getting into polished production values that would actually interfere with his style, Jones has turned up both the foot temperature and the tickle level with these releases.

CHRISTOPHER RAGE: Videos by Rage are a category unto themselves. It just isn't possible, let alone fair, to compare Rage's

twisted, porno world with anything or anyone else. When he decided to get out of the video business, a gap started opening in the spectrum of new tapes coming out. Fortunately, new outRages are being produced: *Hidden Camera* and *Dickey-Lickey* are typical wonders.

If you already know you like Rage, you're going to love these tapes. If you aren't yet a CR addict, start with *Hidden Camera*. It will introduce you to the kind of no holds barred, sex is life, bodies are toys way Rage looks at the world. Besides, there has always been a sly humor in Rage's work, and that comes out full-blown in this tape, softening the blows without getting in the way of the hot sex action. But don't be fooled by the title. In *Hidden Camera*, the camera is more obvious and more a part of the action than is usual even for Christopher Rage. In fact, the performers talk to the camera, talk to Rage, and talk about the fact that they are making (wish they were making) a video. Strange, but not too odd for Rage.

SLAVES: Close-up and Euromen have joined forces to produce one of the best genuine SM videos you'll ever see. The flick is called *Slave Workshop Hamburg*, and the plot--slight as it is--supports the title. Actually, slave and training may be overly specific words for what we see in this flick.

There are definitely Tops and bottoms, and the bottoms are exposed to a lot of SM action. In what I think of as a very typically European style of SM action, there is a great deal of spitting on the bottoms, drooling into their mouths, and a very satisfactory amount of pissing on them. Pain and so-called humiliation are pretty well balanced in the action, with really hot hardware often becoming the main attraction.

The plot, for all there is of it, seems to be this: a hot guy responds to an ad, and is subsequently instructed to be in a certain place at a certain time. Following directions, he crawls into a van, strips, and puts on a hood and handcuffs. He is taken away in the van for three or four days of increasingly intense SM action before being dumped on the street somewhere near the place he was picked up. The bag containing his clothing and personal stuff is tossed out of the van on the street with him. Once he gets home, he waits. A letter eventually comes stating that he has been accepted for slave training. What we have seen in the meantime has evidently been a test to see if he qualifies to be trained.

The test IS the video. That consists of our ad respondent being hosed down like an inanimate object in the middle of what seems to be an auto garage; being forced to service a the boots, pits, and various body parts of a number of men; taking all the spit, drool, piss, and poured out beer the men want to give him;

From *Sexual Portraits: Michael H.*, 1989.

being fucked (with condom) while being kept in chains; being grouped with other slave hopefuls and stored in a covered oil pit in the floor. Are you getting the idea? The guys who are being tested are sometimes worked together, even made to work on each other, but they are usually handled one by one.

Our boy gets chained to a urinal, and used for the obvious purpose. He is bound to a motorcycle, thrown on the floor, beaten, flogged, pushed around, strung up, tied down, hosed off, kicked, slapped, fed cock, and suspended in a very dramatic scene involving a hydraulic lift that hauls him two stories into the air. And, in the end, he is very glad to be

accepted for actual training by this circle of inventive Tops.

The action is more or less a bottom's fantasy in the sense that it moves along from one use or abuse of the bottoms to another, never relying on the bottoms to know what to do next or how to do it. Hmmm? Not that different than some Top fantasies that come to mind.

Slave Workshop Hamburg is the 1990s version of what Roger Earl and his crew did with **Born to Raise Hell** in the '70s. It is SM action that rips along without concern for the parameters of a specific scene or couple. While you will certainly see heavier whipping in USSM videos, more muscular and traditionally

Gregg Strom and a friendly bottom. . . *Lucky Man!* (Photo: Bryx)

attractive men in almost any American video, and more concentration on any given fetish or action by picking up a tape that features your specific interest, you won't find a better full-range SM action flick than "Workshop" anywhere.

Believe me, you won't mind at all that the few words spoken audibly are spoken in German. The *very few words* you actually need to understand--such as "accepted for slave training"--are dubbed in English on the VHS copy I have.

You may order *Slave Workshop Hamburg* in VHS or Beta format (\$79.95 plus \$3 s/h) from Close-Up Productions, P. O. Box 691658, West Hollywood, CA 90069-1658; in PAL video (write for ordering information) from Euro-Men, P. O. Box 10923, 1001 Ex Amsterdam, The Netherlands.

Drummedia Sources: Many of the books reviewed here are widely distributed titles that should be on sale in your local bookstores. Most of the videos mentioned above and some of the books can also be ordered from Sandmutopia Supply Company (The Drummer Store). Please write or call for prices and availability. Sandmutopia Supply, P. O. Box 11314, San Francisco, CA 94101-1314. (415) 252-1195.

CUMMING DISTRACTIONS: The promised review of a Catholic artist's very interesting books and Palm Drive's recent releases are finally going to appear next month. Also, Chris Burns' self defense/anti-gay bashing video, Troy Perry's latest book, and at least one new Adam and Company tape.

(ON-LINE WIRE W11:K0401;IRBX;)

(WB) PROTEST TO CHINA OVER TORTURE CHARGE

ATTN: Foreign Editors/L

26-JAN-1841

THE HAGUE, Netherlands - A Dutch sailor who spent time in Chinese jails recounted stories of abuse and torture at the hands of Chinese authorities Tuesday. The Netherlands has protested to China the alleged torture of the sailor who contends he was brutally mistreated during five weeks in a Chinese prison in Canton after he was arrested in early December in the South China city. The allegations of torture, including beatings, hanging by the thumbs and the "Hot Water Snake," are contained in an affidavit filed with the Dutch charge d'affaires in Peking by Peter Van Ammers, 24, of Rotterdam.

The Chinese representative Monday night said Van Ammers' allegations that a Chinese officer was involved in his torture were "totally baseless." Spokesman Wong Ku Kwok said Van Ammers had been arrested on suspicion of involvement in the planned assassination of the governor of Kwantung province. During Van Ammers' interrogation, the Chinese authorities intervened to halt "improper treatment" by an extremist nationalist group, Wong added. According to confidential Dutch government information, Van Ammers said he was picked up February 12 by the extremist group a day after arriving from the Netherlands. According to Van Ammers' version: "The second day one Chinese whose name is Loong started beating me on the face and all over my body with bamboo sticks, including my genitals. I was tied spread-eagle to pillars naked, my feet and toes barely touching the ground. The "snake", made from some type of malleable metal was wrapped around my body, boiling water was poured into the snakes mouth and caused unbearable pain as it made its way down the snake's length, searing my flesh."

Van Ammers' allegations provoked the Dutch ambassador, Cornelius Costergo, to take up the case with the Chinese authorities, declaring that it was "absolutely unacceptable" that the Dutch citizen be held for 30 days without informing Dutch authorities. He said the Hague government expected an apology and a Chinese commitment "not to repeat the process." Costergo added, that "to the best of our belief he (Van Ammers) had been mis-handled either with the cooperation or at least in the presence of government personnel." The spokesman refused to comment any further on the Van Ammers case, but another Dutch official, who asked not to be identified, said there has been no response from Peking.

HOW TO PLACE YOUR AD IN DEAR SIR:

We accept ads, and changes to ads, only in writing. Sorry, we cannot do this over the phone. Submit ads on the form on the facing page or a copy of it. If you can't bear to cut up your issue of *Drummer* and can't make photocopies, send us a note and we'll mail you copies of the form.

Box Numbers: \$5.00 buys you a *Drummer* mail box for the life of your ad. Even after your ad expires, we will continue to forward replies forever — as long as we keep getting letters. (So keep us posted if you move.)

Give us a name. We cannot forward mail to someone named "Boxholder" at a P.O. Box. The Post Office won't do it.

Phone Numbers: You can put your phone number in your ad for immediate response. **WE WILL ONLY PUBLISH VERIFIED PHONE NUMBERS.** Here's how to put your phone number in your ad:

Mail in your ad. (Don't forget to include the \$2.00 phone verification charge.) About two weeks after you mail to ad to us, you call us at (415) 252-1195, during business hours (9:00am-5:00pm Pacific Time, Mon. -Fri.) Be at the phone number you are placing in your ad. We will call you back to verify the number. If we have not verified your number within three months, we will publish the ad with a box number instead of a phone number.

You only need to verify a phone number once. Once it has appeared in *Drummer*, just attach a copy of the printed ad to your new ad if you wish to use that telephone number again. We will not publish voice-mail service numbers in personal ads. Don't forget to include your area code.

What else? Put anything you want in your ad, *except:* references to minors, animals, prostitution, or drugs.

Expect about a 60-day delay from the time we receive your ad to when it appears in print. Remember, it takes time for people to respond, too. So, for example, if you're looking for Christmas presents, it would be smart to send us the ad 90 or 120 days before Christmas. Also remember replies by international mail may take longer than domestic mail.

HOW TO REPLY TO A DEAR SIR AD:

How to reply to a *Drummer* box number: Answering a *Drummer* box number is easy, but the few rules we have are hard and fast, so observe them *or else*. 1.) Seal your letter in an envelope on which you have written the box number on the back flap in pencil. 2.) Put your return address on the envelope if you wish the letter to be returned to you should there be some problem with delivery. 3. Put proper postage on the envelope: domestic postage is 25 cents for the first ounce, 20 cents for each additional ounce. Foreign overseas postage is 45 cents for one-half ounce. 4.) Put the sealed letter(s) and a buck (\$1.00) forwarding fee for each letter in another envelope and mail it to: DESMODUS, INC., PO Box 11314, San Francisco, CA 94101-1314. Letters not properly prepared will be destroyed.

Desmodus will forward responses to ads in back issues. However, we cannot guarantee that old addresses will still be valid. Remember, the US Postal Service will not return undeliverable mail without your return address. Keep in mind that people do move and their needs and desires do change.

PHYSICAL INTERROGATION TECHNIQUES

by Richard W. Krousher

*"One of the most
terrifying and gruesome
books ever printed!"*

The book that tells you what no other book
will: *how to torture information out of an
unwilling subject*. Most people will not have
the stomach to read it, but those who do will
learn more about torture and torment than
they dreamed possible.

In step-by-step chilling detail, *Physical
Interrogation Techniques* tells you how to
evaluate a subject to determine what kinds of
torture will be most effective, and then goes
into grisly detail on actual methods of torture.
The author covers humiliation, confinement
and restraint, sensory deprivation/overload,
intrusion into body orifices, abrasion, beating,
burning, electricity, and much more, including
a heavy-duty chapter on mutilation.

It is the best book ever written on torture
and interrogation techniques. You may not
"enjoy" this material, but you will never forget
it!

Sold for informational purposes only!

SHOCKING!

CAUTION: the basic rule in using electrical toys is: Current running between the two contacts must not pass through the chest cavity. Simplified: NO CONTACTS ABOVE THE WAIST!

Titillator

A battery operated pulsed signal generator that is simple to operate and easily portable. Two intensity controls allow you to fine tune the sensations, and separate frequency and pulse rate controls offer the maximum range of stimulation variations.

The unit is 4 3/4" x 2 1/2" x 1 1/2" and comes with a 9 volt battery and a set of leads. The name of this unit comes from "titillation," it is NOT for use on the tits!

DEA 006 \$119.95

Titillator Leads

Plug your WalkMaster, WalkMaster II, or Titillator into the accessories described on this page.

DEB 012 \$34.95 Titillator Leads

All Purpose Leads

A pair of wires with banana plugs appropriate for the sockets of these accessories at one end, and alligator clips at the other end.

DEB 012 \$34.95 All Purpose Leads

Titillator Attachments

RelaxAcisors, WalkMasters, Titillators, or whatever you use, these attachments will provide hours of shockingly great sensations. A new artisan is producing the following electrical attachments from clear lexan (a crystal clear, very hard plastic) and space-age conductive materials. Each piece has one or more receptor sockets for banana plugs (RelaxAcisors fit!) and will also work with alligator clips or bare wires. These electrical attachment devices can be used with the Titillator described above and also work with WalkMasters, RelaxAcisors, hand crank generators, and other similar devices.

Cockrings

Cockrings are available in four diameters: 1 1/4", 1 1/2", 1 3/4" and 2". Each size is available with a single electrode and conductive material running the full circle, or with two electrodes and separate areas of conductive material on each half of the circle. Please specify size(s) when ordering.

Electrowand

This is a lexan rod with conductive material at the business end. Connect any other electrode in a convenient place - a cockring, for instance - and use the ElectroWand to play with other areas: genitals, thigh, ass, feet, anywhere below the waist. DEB 009 \$59.95 Electrowand

Sparkler

This is a short length of conductive rubber (approximately 6" long by 1/8" diameter). It works well in any moist opening or crevice: ass, crotch, urethra. This one really delivers a jolt! (NOT FOR NOVICES) DEB 008 \$39.95 Sparkler

Electric Butt Plug

The charge of a lifetime. A lexan plug (approximately 6" x 1 3/4" diameter) with two electrodes that stimulate the anal sphincters. With a Titillator, or other power source that has an adjustable pulse rate, this is a *real fucking machine*. Expensive but worth it. Made to order, allow up to eight weeks for delivery. DEB 007 \$149.95 Electric Butt Plug

Violet Wand

The Violet Wand, officially known as the "Master High Frequency Unit," is a device used by barbers and beauticians to stimulate the skin. It can be very effectively used for the same purpose by Tops. The glass electrodes glow purple when in use and sparks jump from the electrode to the skin surface (fantastic in a dark room). This is one electrical device that is safe for use above the waist, as the charge travels across the surface of the skin rather than through the body. (CAUTION: Keep the bulb away from the eyes!!!) We offer only the Heavy Duty Unit, which has a transformer located along the extra long cord and can be used for extended periods of time. Includes one (#1, disk shaped) electrode. Additional electrodes are available.

Stock Prod

The stock prod is one of the most effective control devices made. Excellent for conditioning your animal to behave the way you want him to. There is nothing erotic about a jolt from this device, just a quick painful zap that he will want to avoid having repeated. This model takes three "C" cells and gives him a jolt that is painful without knocking him over the way some larger units can.

Anal Pleasure & Health

SECOND EDITION

Jack Morin, Ph.D.

In these days of doubt and fear it is always a pleasure to find a book that gives positive, sound, research-based information on anal sexuality while dispelling the myths. It is commonly believed that people who regularly enjoy sensual erotic anal stimulation inevitably run a greater risk of developing medical problems. The belief is that one must choose—*either* anal pleasure *or* anal health. For many, the strength of this conviction has been intensified even further by the AIDS crisis.

In *Anal Pleasure & Health*, the reader will discover that there is no inherent conflict between anal pleasure and anal health. On the contrary, a person who wishes to expand his/her capacity for enjoying anal stimulation is advised to take virtually the same steps as the person who desires optimum anal health.

Dr. Morin covers such forbidden topics as anal self-exploration, locating and exercising anal and pelvic muscles, stress and tension release through anal stimulation, proper douching and lubrication techniques, physiological aspects of "fisting," confronting the taboos concerning feces, homophobia and masculine/feminine roles, oral-anal stimulation (rimming) and even suggestions on finding a sympathetic physician.

Now in its second edition, *Anal Pleasure & Health* contains full research data, bibliography, and an entirely new section on common medical problems of the anus and rectum, which includes a comprehensive discourse on AIDS and coping with the crisis.

HOT NEW DRUMMER/ZEUS S/M VIDEO

U S S M / TWO

Drummer and Zeus have done it again! The newest video in the U.S.S.M. series has lots of hot men and hot, authentic, SM action. This time Fred and Henry, the stars of U.S.S.M. ONE, are joined by two more hot bottoms who, with Henry, form a "Menage-a-Flog", tied together to offer their bare chests and backs to the attention of Fred's whips.

And what beautiful chests they are! Steve Landess is a young blond novice who receives his first flogging for this video. The two players he's tied to provide psychological, as well as physical support. The third bottom in this scene lends an international flavor to U.S.S.M. TWO. He's Clive Platman, who only two days prior to the taping of U.S.S.M. TWO was selected to be Mr. Drummer 1990-1991.

In the second segment, titled "Pin Pals," Steve is stripped and tied into a bondage chair and Clive joins in with Fledermaus in applying dozens of clothespins to his body and then manipulating them for maximum reaction.

Segment 3, "Electerotic," finds Clive spread-eagled on a St. Andrew's Cross as Fledermaus turns Mr. Drummer into a Drum and works Clive's tight pecs and spread thighs with his infamous blacksticks. Then they move on to cock and ball bondage, weights and electro shock to the Aussie's genitals and ass.

Three hot scenes, three hot muscular bottoms who know how to take it and love every minute of it. Real SM action for those discriminating viewers who demand the best. 70 minutes.

Also available: **BBA 015 \$79.95 U.S.S.M. TWO**
